## FIELD CASE REPORT

### CASE#

2019-00099251

On July 2, 2019, this investigator located Moore at his residence (440 W 5<sup>th</sup> Ave Apt 2). Moore invited Inv. Bascom and I into the residence. Once inside, I explained why I needed to speak with him. In addition, I read Moore his Miranda Warnings from a department approved Statement of Rights form. Moore understood his rights and agreed to speak with us. Initially, Moore provided the phone number as his contact number. He also acknowledged having a Wi-Fi style number along with another number which was turned off. In reference to the phone number, Moore acknowledged having this number until the "hot months" of 2018 when he ended the service. This concurs with Moore having the phone during when the communication occurred. Moore said the subscriber was in his girlfriend's name, Jermesiah Marie Glenn Moore provided various locations where he has lived in the past, but said he had never lived in the area of 902 S Lipona Rd. He did admit to knowing where it was and described the area of town it was in.

I showed Moore a copy of the text messages. Moore initially advised he did not recall the conversation. According to Moore, he was not in the area of S Lipona Rd because he would have been at work at Walmart. Moore acknowledged using "skip the games" to locate girls who he would solicit for sex. Specifically, he recalled meeting a girl with dark skin, braids, and "about her height" (referring to the height of the girl from the post). Initially, the plan was to meet the girl for sexual intercourse, but due to being scared of the area, Moore decided not to meet her. Moore was going to pay \$60-\$70 for sexual intercourse with this subject. Moore also said he attempted to meet a different girl for casual sex about a week prior to me making contact with him.

With continued questioning, Moore advised he did not meet or contact the advertisement poster because he would have been at work during the time the communication occurred. He checked his calendar to confirm this and then said he may not have been at work.

At this point, Inv. Bascom asked clarifying questions regarding his involvement in this case. This centered on Moore saying the other girl he solicited was "about her height" leading us to believe he actually met the poster of the advertisement. It was during this portion of the interview that Moore acknowledged communicating about the quick visit but was adamant that he did not meet her. He chose not to follow through with the sent comments because he felt "sketchy" about the location. He said that initially they were going to meet at the hotel of N. Monroe St. Moore could not explain why the address of 902 Lipona Rd was provided.

A copy of the ad from "Skip the Games" was provided. Moore recalled the ad, but said he was unsure if the photo shown to him was the same girl from the ad. I questioned Moore about his number showing up on the known phone's call frequency report. Moore could not provide a reasonable explanation for this. He also could not explain how he would have gotten the poster's phone number.

For the most complete recount of the interview, refer to the body worn camera footage from Inv. Bascom and I's body worn cameras.

On the same date, I went to 902 S Lipona Rd Apt B where I spoke with Matthew Medoff. Medoff is the current resident of this location and the utility holder. He advised he had a roommate of "Jonah". Per Medoff, neither he nor Jonah have a local phone number. He also advised he did not recognize Moore as being a previous neighbor and advised he has never lived with him at this address. It should be noted Medoff lived at this location during the time of this specific communication.

Moore was given a Notice to Appear as he met all the requirements.

DEFENDANT: Issa Toure  
CHARGES: Solicitation for Prostitution (4 counts)

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number

During the reviewed communications on , the suspect asked, "What's your donation?" The suspect was provided, "Qv70 hh120 hour180." Based on my training and professional experience, "hh" is short for a half hour of time, and "Qv" is short for a "quick visit." A quick visit is a length of time equal to, or less than, 15 minutes. **(Solicitation for Prostitution).**

Based on the circumstances with the online advertisement, coupled with the payment in increments of time, it is reasonable to believe the agreement was being made for payment in exchange for sexual acts. This belief is based on my training and professional experience.

On , the suspect sent a text message reading, "Hey bab lil baby...can I hit it from the back?" Based on my training and professional experience, I know "hit it from the back" to indicate a sexual position. The suspect was asked how much time he wanted and indicated he wanted thirty minutes. A response was provided to the suspect reading, "Kk so if u want to hit me from the back for hh it's going to be 145." The suspect countered with "120" indicating he was willing to pay \$120.00 for the requested sexual act and time. A message of acceptance of \$120.00 and a bottle (bottle of liquor) for the requested time and sexual act. **(Solicitation for Prostitution).**

On , communications resumed, and a message was sent to the suspect asking "Lul babiii are you going to be ready in about 15 mins?" The suspect sent an affirmation and asked a price of a half hour. The suspect was told it would be \$120.00, or \$110.00 and a bottle (of liquor). **(Solicitation for Prostitution)**

On , the suspect sent a message reading, "Where are you lil baby?" An address was provided to the suspect, and then sent a follow-up message reading, "U want to come pick me up or we can do it here." The suspect asked, "How much for hh?" A response was sent indicating it would cost \$120.00. The suspect countered with \$100.00 and an affirmation was sent on the price. **(Solicitation for Prostitution)**

The suspect was identified as Issa Toure through a search of law enforcement databases. Inv. Ray and I attempted contact with Toure at his residence on 07/16/2019 without success. I then contacted Toure by phone and he agreed to meet us at his place of business, Market Square Liquors on Capital Circle Northwest.

I conducted a non-custodial interview with Toure in the business. This 119.071(2)(e)

Based on the above detailed investigation, I met with Toure on 08/14/2019 and issued him a Notice To Appear (NTA) for four counts of Solicitation for Prostitution with a court date of 10/10/2019. I collected a right thumb print and took a digital photograph of Toure using my department issued cellular phone, which was uploaded to evidence.com.

It should be noted, warrants may be sought for additional charges in the future.

FIELD CASE REPORT

CASE#

2019-00117708

This narrative is being written to document the entire observed communication. In total, it appears the defendant solicited who he believed to be a prostitute on three different dates.

The defendant started the text message thread with "Are you available". This was met with the response "are you affiliated with any type of law enforcement agencies". This response was typical as this investigator saw it on almost all text message threads between and solicitors. The defendant was asked whether he wanted an "in call or out call". Based on this investigator's training and experience, an out call refers to a prostitute traveling to the defendant's house, motel room, or other predetermined location. An in call refers to when the solicitor travels to the prostitute's location, whether their residence or a hotel room. During both, an exchange of currency or other form of payment is exchanged for a sexual act. The defendant requested an "in call" with 15 minutes worth of time. The price of \$70 was provided. An address known to law enforcement was provided, to which the defendant advised "20 minutes". The defendant was told to text when he was outside. Based on the conversation, the defendant never arrived.

The next communication occurs on The defendant asked, "Are you available." He then asked, "How many roses for a car date". Based on training and professional experience, this investigator knows solicitors of prostitutes commonly use the term "roses" as a code word for asking how much money the prostitute wants for the performance of a sexual act. The defendant was provided with the amount of \$85.

Finally, on , the defendant text asking, "Hello are you available". The defendant is provided a specific motel location to which they reply, "How many roses for a quick visit". The amount of \$75 is supplied. The context of these messages is consistent with the advertisement posted on a known escort site which included wording advertising various sexually explicit services.

The probable cause for the arrest can be found in the arrest report.

CASE#

2019-00117765

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a web site known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number

Upon review of the text messages, I found an initial recovered message sent by the suspect on reading, "Hey whattup. Available?" After brief discussion of possible meeting locations, the suspect asked, "What's rates?" A response was provided reading, "Qv70 hh120 hr180 over night 300." Based on my training and professional experience, I know the above response translates into the cost of specific time frames. "Qv" is short for "quick visit," which translates into a period of time equal to, or less than, 15 minutes. "HH" is short for "half hour" and "Hr" is short for an hour. I also know the agreement of payment is for sexual acts to be carried out during that time period. The suspect responded, "Overnight can be fun" and "I'm down let me know." Communications were soon terminated on that date and it does not appear a meeting took place.

The suspect initiated contact on and indicated he desired to meet for an hour of time. A response was received by the suspect indicating it would cost \$180.00. Later in the same conversation, though carrying over into the next day, the suspect asked about the cost of a half hour and was told \$120.00. The suspect provided his address as Capstone Rd. Communications continued, though it does not appear a meeting took place.

The suspect initiated contact on . During communications on this date, the suspect indicated he was interested in a "quick visit" and was told it would cost \$70.00. It does not appear a meeting took place on this date.

A query of Accurint revealed the telephone number was associated with a male identified as William West, Jr. Inv. Ray contacted West by phone on 08/05/2018. West arrived at the Tallahassee Police Department on the same date. Inv. Ray was conducting another interview; therefore, I conducted a non-custodial interview, which was recorded on my department issued body worn camera. During this interview, West provided his cell phone number as the telephone number used in the above communications. He stated he was the only person who used that telephone number. West admitted to the above communications after being shown a transcript of the text messages. West stated he was at a low point in his life and he has never met the person in the advertisement, nor has he met anyone from the specific site used in this advertisement. West stated the address on Capstone was that of his

Based on the above detailed investigation, I issued West a Notice to Appear (NTA) for Thursday, October 3, 2019 at 8:30am in courtroom 2E for three counts of Solicitation for Prostitution. ### CASE#

2019-00118183

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the text message thread with "Hey are you free". This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant was asked if he wanted a "car date or out call". Based on this investigator's training and experience, a car date refers to a prostitute meeting the defendant and performing a sex act within the confines of the defendant's vehicle. An out call refers to a prostitute traveling to the defendant's house, motel room, or other predetermined location. The defendant asked "What are the donations for a bj" and provided a time of "10 min". The price of "50" was provided. The defendant attempted to negotiate the price lower to "40". When the defendant asked if he could use paypal he was told no. Due to this it appears the defendant did not follow through with his plans.

On [redacted] the defendant again text the known telephone number and asked "Hey you free rn?" When asked for an address, the defendant provided "2266 Magnolia Circle". The defendant was asked "How much time do you want" and he replied "Just the bj". A price of "40" was given.

On [redacted], the defendant text the known telephone number "Hey can you do 30 for a bj?" The response to this question was "I can do 40". In all these texts, it does not appear the defendant followed through with their discussed plans.

After conducting basic research into telephone number [redacted] it was determined the telephone number was actually a Google Voice number. A search warrant was drafted and submitted for Google, Inc. The evidence provided included subscriber information which identified the account holder as Jeremy Smith (defendant). The subscriber information also included a telephone number of [redacted] along with a recently used IP address. In addition to the conversations associated with the known telephone number, there were approximately 127 pages of conversations recovered from the Google Voice account. These conversations were analyzed. Based on the analysis, it was determined that the large majority of the conversations consisted of Smith soliciting other subjects for sexual acts in exchange for money. These were highlighted on a printed copy of the conversations. They were then impounded as evidence.

Utilizing law enforcement databases, it was determined the telephone number [redacted] did in fact belong to a Jeremy Smith. In addition, the address of 2266 Magnolia Cir was also associated with both the telephone number and the name Jeremy Smith.

A subpoena was also issued to Comcast, Inc requesting account information for the IP address associated with the Google Voice account. The information provided identified the account holder as Raeven Dillard, a known associate for the defendant.

On August 6, 2019, I called the defendant at . Jeremy Smith (defendant) answered the phone and advised he would be willing to meet with me for an interview. It was determined I would meet the defendant at his work. Inv. Osborn and I met the defendant on the morning of August 6, 2019. We sat at a picnic table and allowed the defendant to pick his seat. He was told he was free to go at anytime and did not have to speak with us. I asked the defendant for the best contact number for him. He provided the telephone number . He also provided the e-mail address associated with the Google Voice account. He confirmed other people did not use this e-mail account. I confronted the defendant about his Google Voice number. He confirmed it was the telephone number. The defendant also confirmed he visited the known escort website. In addition, when shown the known advertisement, the defendant confirmed he had in fact seen it, but denied ever meeting the person. Further discussion occurred where the defendant admitted to having solicited or met number other prostitutes during the same time frame.

Based on the above facts, there is probable cause to charge Jeremy Smith with three counts of solicitation for prostitution (F.S. 796.07 4A1) for requesting oral sex on three different dates and offering pay money for this sex act. Smith was provided a Notice to Appear as he met the requirements.

## FIELD CASE REPORT

CASE#

2019-00118233

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the text message thread by attempting to call the known telephone number. This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant asked via text message whether the known subject was "...available tonight?" He was told "yes". The defendant also asked for pictures, of which five were sent via text message. After receiving the pictures, the defendant replied "OMG love your pics!! The things I wanna do with you. Lol way (where you at)?" An address known to law enforcement was provided. The defendant asked, "What's my limitations". The known subject responded with "Wym (what you mean) boo" and then sent a text reading "QV70 hh120 hr180". Based on my training and professional experience, I know this is a price list for sets of time. QV is an abbreviation for quick visit which is the equivalent of a quarter hour of time or less. Hh is an abbreviation for half an hour. Hr is an abbreviation for an hour. In addition, the defendant received a text message reading "And tbh (to be honest) rn (right now) I'm only doing car date or out call". A car date refers to a solicitor picking up the prostitute and then exchanging money for a sexual act within the confines of the solicitor's vehicle. An out call refers to a prostitute traveling to the defendant's house, motel room, or other predetermined location, where an exchange of currency or other form of payment is exchanged for a sexual act. The defendant sent "You look delicious. is oral on the menu? And car is fine". A follow-up text message read "What's the ticket for a car date?" This language is synomous for a subject asking the price for the requested sexual act. The text message back read "Tha same and ues u get pussy and head".

On , the defendant started another text message thread with the known telephone number in which he asked "Are you available tonight?" The response sent back was "Yes wats up". The defendant asked where the subject was. An address known to law enforcement was provided. The defendant sent a text message which read "In call or car date?" The response sent back was "Car date". Later in the same text thread, the defendant asked "Hey so what's the ticket for a car visit?" He was told via text message "Qv 70 hh120 hr185". Due to the pricing, it does not appear the defendant followed through with his plans.

Utilizing law enforcement databases, it was determined the telephone number most likely belonged to Derrick Young (defendant). On . A male who confirmed he was in fact Derrick Young answered. I requested to meet with him on the same date. It was agreed I would meet the defendant at Lively Technical Institute located on Appleyard Dr.

On August 6, 2019, I met the defendant at the requested location. Prior to meeting you the defendant I

viewed a copy of his FL DL. Based on this, I was able to positively identify the subject as Derrick Young (defendant). I explained he was free to go and did not have speak with me. He confirmed telephone number was his number. He did say he allowed friends to use his cell phone occasionally. According to the defendant he has had this telephone number "a while". I asked the defendant if he knew what "skipthegames" was. The defendant chuckled and then said, "is this what this is about". The defendant admitted to playing around "with it" but said he had never met anyone on it. He alleged he and his friends have previously texted and/or called subjects from the site. I showed the defendant a copy of the text message conversation between his telephone number and the known telephone number. The defendant confirmed it appeared to be a conversation he would have had with someone from the known website. The defendant denied meeting the subject. The interview was audio/ video recorded with my body worn camera.

Based on the above facts, there is probable cause to charge Derrick Young with two counts of solicitation for prostitution (F.S. 796.07 4a1) for requesting a "car date" on \_\_\_\_\_ in exchange for either \$70, \$120, or \$180 (depending on time) and for requesting a "car date" on \_\_\_\_\_ where prices of \$70, \$120, or \$185 were provided. Young was given a Notice to Appear as he met the requirements. The documents used during the interview were impounded as evidence.

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the text message thread with "Hello?". This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant sends "In Tallahassee where are you in town". A location known to law enforcement is provided. The defendant asked could he come now to which the responses of "I'm omw (on my way) home now" and Yeavu (typo) can" were sent. While enroute to the provided location, it appears the defendant was stopped by law enforcement. This is evidenced by the defendant texting "Ok kool hey I just got stopped for speeding ima regroup and get back with you in a few". On the defendant sent "Hey you busy?" The was met with the response of "No I'm not I'm free watz good boo what y trying to do". The defendant replied with "See you where you at?" The defendant was asked whether he wanted an "incall or outcall". The defendant sent "In".

Simultaneous to this conversation was an additional conversation which occurred between the known telephone and telephone number

In this conversation, the defendant text "hey ma I'm sorry I will have to see you another time, I just went to the atm I left my card in my wife's car, I only have 40 cash with me". A response of "It's ok tmr will be fatter fa me anyways" was sent. The conversation continues with both discussing the defendant not waiting but picking the other party up and then taking her "home in the am". The defendant asks if \$40 is good to which responses of "It's whatever" and "I just need u to come na" are sent.

On the defendant sent "Hey" to which the responses of "Watz gud", "I gotcha", and "Fa da 50" are sent along with a location known to law enforcement. The defendant also provided an address, which based on my investigation matches his known residence. The final text sent back to the defendant is "I meant u still trying to see me". Based on this text, it does not appear either party met.

Utilizing law enforcement databases, it was determined was a phone number assigned to Talkatone, a voice of IP phone company. A subpoena was sent to Talkatone, Inc requesting subscriber information. The information provided showed the subscriber was Marcus Knuckles between phone number. In addition, the phone number was listed as an associated phone number.

I queried law enforcement databases and located a Marcus Knuckles in Tallahassee, FL. The address listed on Knuckles' FL Driver's License was consistent with the address he provided in the text messaging.

On August 7, 2019, this investigator called . A male subject answered the phone and confirmed he was "Mr. Marcus Knuckles". I requested he come to the police department to which they agreed to do later in the day.

Around 11:30 am on August 7, 2019, the defendant came to the police department where I escorted him to interview room number 1. This room is audio/ video recorded. I explained to the defendant he was free to go at anytime and did not have to speak with me. The defendant advised he has had the number for "awhile and that if something confidential was sent he "hopefully no one else would see it". The defendant confirmed he knew the website where the original advertisement was posted. He explained he had visited the site occasionally and described it as website with "girls". I showed the defendant the known advertisement, to which he advised he did not remember. He was adamant he had never met the girl. He then confirmed he may have seen the advertisement. When asked if the defendant ever text the person from the advertisement, the defendant answered with "I don't know" and "it could be possible".

Due to the defendant receiving pictures during the conversation, I requested he look through his phone for the text messaging thread. Unfortunately, his text messages did not go back to

The defendant alleged he never met the person from the advertisement. He claimed it was more of a "catfishing" type incident.

Based on the above facts, there is probable cause to charge Marcus Knuckles with soliciting a prostitute (F.S. 796.07 4A1) for requesting an "in call" via text message and ultimately admitting the phone number used was his phone number and the person sending the text most likely him. Knuckles was given a Notice to Appear as he met all the requirements.

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the text message thread with "Hey". This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant was asked whether he wanted an "in call or out call". Based on my training and experience, an out call refers to a prostitute traveling to the defendant's house, motel room, or other predetermined location. An in call refers to when the solicitor travels to the prostitute's location, whether their residence or a hotel room. During both, an exchange of currency or other form of payment is exchanged for a sexual act. The defendant sent "out" and when asked how much time the defendant sent "a qv". "QV" refers to "quick visit" which, based on training and professional experience, I knows to be equal to 15 minutes or less of time. The price of \$70 was provided. The defendant asked if cash app was used to which their was a response of "No cash only". Due to this, it does not appear the defendant followed through with the aforementioned plans.

On , the defendant again sent a text thread which included "nothing wyd? By Famu?" A text message reading "Tryna make some money and no l'm by the meadows". The defendant text back "pull up ? I got you". A response of "How much time do u want" was received. The defendant replied "15 min". There is a discussion about money which included the defendant advising "Is 30 good? If not l'll go to the ATM". This was met with a text response of "I will work witcha but all u need to get is "30more". During this text conversation, the defendant provided an address of 503 Pal Beach St. This address was confirmed when I interviewed the defendant. Again, based on the conversation, it does not appear the defendant followed through with his request.

Utilizing law enforcement databases, Jeremy Latimore was identified as a subject who previously provided the phone number to law enforcement. On August 7, 2019, the investigator called the phone number and spoke to a person who advised they were Jeremy Latimore when asked. Latimore could not come to the police department due to not having transportation. At the end of the audio recorded conversation it was agreed that we would meet Latimore at a gazebo off of Osceola St near Wahnish Ave (FAMU Campus).

On August 7, 2019, Inv. Wagner and I located Latimore at the location he provided. At the defendant's request, the interview was conducted in a grass lot just off Osceola St. The defendant did not want to move because he was not comfortable since we didn't have an officer of color present.

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a web site known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number

Upon review of the text messages, I found an initial recovered message sent by the suspect reading, "Are you in Tallahassee?" A response was sent to the suspect asking if he was affiliated with law enforcement. The suspect responded, "No mam." When asked, the suspect indicated he preferred a "car date" and asked about "donations" and a location to meet. The suspect was provided a price of \$70.00, though he asked if \$60.00 would be ok and was sent an affirmation of a \$60.00 payment for ten minutes of time. The suspect responded, "Only 10 dang lol I doubt I'll take long anyway but I'll let ya know thanks."

Based on my training and law enforcement experience, I know the agreement described above was related to the payment of \$60.00 in exchange for ten minutes of sexual activity.

Based on the communications, it did not appear a meeting took place.

I conducted a query of Accurint and found the telephone number was likely associated with a male identified as Joseph Rapisardo. I called the telephone number, and left a message requesting a return call. A short time later, Rapisardo called me back and agreed to meet with me at the Burger King located at 3102 N Monroe St.

Communications between the known telephone number and telephone number

Upon review of the messages, I found the suspect initiated contact on with a message that read in part, "what up beautiful." Upon being asked, the suspect indicated he wanted an "out call" and was asked how much time he wanted. The suspect responded, "15 min" and asked, "50 good?" An affirmation was sent indicating \$50.00 would pay for ten minutes. The suspect also asked, "And can I fuck?" The suspect later sent a message reading, "No rubbers are less I can go raw". The suspect sent a response reading, "U not fuccking me raw".

Based on the communication, it does not appear a meeting took place.

Upon research of the telephone number, I found it was associated with a male identified as Gary Wayne Fort, a registered sex offender. Fort listed this telephone number as his cellular phone number when he registered with the Florida Department of Law Enforcement (FDLE) Sexual Offender/Predator Registration form.

I made contact with Fort by phone on 08/09/2019 and requested he agreed to meet with me at the Hobbit Hoagie located at 2020 W Pendsacola St. 119.071(2)(e)

Based on the above detailed investigation, I issued Fort a Notice to Appear (NTA) for Thursday, October 3, 2019 at 8:30am in courtroom 2E. Fort agreed to sign the NTA. I collected a thumb print on the top page and took a photograph of Fort with my department issued cell phone, which was uploaded to evidence.com.

This case is closed, cleared by arrest.

CASE#

2019-00121487

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the text message thread with "Location and rates". This was met with the response "60 qv 100 hh and 150 hr" and "North Monroe motel 6 u cmn (coming)". This text thread stops when the defendant received the text "Wym" (what you mean).

The defendant started a new text exchange on [redacted] by asking "Which hotel, hun?" He received a text back stating "I'm not at no hotel". The defendant asked "where, which side of town?" The defendant provided an address known to law enforcement along with the response "But I'm only doing car date or out call". Based on my training and professional experience, a car date refers to when the solicitor drives to the prostitute and both engage in a sexual act in exchange for a form of payment. The exchange takes place within the confines of the vehicle. An out call refers to a prostitute traveling to the defendant's house, motel room, or other predetermined location, and an exchange of a sexual act for a form of payment occurs. The defendant responds with "On the Southside? That's too far, sorry."

On [redacted], the defendant texts asking "Incall location". In call refers to when the solicitor travels to the prostitute's location, whether a private residence or motel, and an exchange of a sexual act for a form of payment occurs within the confines of the prostitute's room. The defendant received a response of "I don't have a incall location". The defendant responded with "ok...your ad has incall checked. Maybe I'll get a room". Further communication occurs consisting of the defendant confirming he could possibly travel to pick the subject up or pay for an Uber. The defendant also wrote "I can't host... that's why I wanted to get a room". The text thread ends with "tomorrow, hun".

Utilizing law enforcement resources, it was determined phone number [redacted] was a phone number issued by Pinger, Inc, a voice over IP cell phone service. A subpoena was drafted requesting subscriber information for this phone number.

A search warrant was drafted and signed by Judge Smith on June 6, 2019 requiring Google, Inc supply requested information [redacted]. The evidence returned included e-mails within the inbox along with subscriber information. The name associated with the e-mail account was [redacted]. In addition the latest IP address was provided. A check of this IP address showed it belonged to Comcast, Inc.

I also reviewed the e-mail inbox and determined it contained numerous e-mails addressed not only to a subject listed as

A subpoena was drafted and sent to Comcast, Inc requesting current subscriber identity for the IP address associated with the last login to the Gmail account. The returned evidence identified the Comcast account holder as Tracy Pitt with an address of 3006 Lakeshore Dr, Tallahassee, FL.

I began to conduct research into the address of 3006 Lakeshore Dr and discovered a FL DL belonging to Kasiner Chulak (defendant) with the address of 3006 Lakeshore Dr on it. In addition, a review of the Leon County Property Appraiser's website showed both the defendant and Pitt as co-owners of a property other than 3006 Lakeshore Dr. It should also be noted that the first three letters of both the first and last name match the name seen in e-mails within the Gmail inbox (Kas Chu= Kasiner Chulak).

On August 12, 2019, I attempted to contact the defendant at a phone number located via law enforcement databases. When he did not answer the phone calls or text messages, I called the number associated with the Comcast account. A female, who said she was Tracy Pitt answered the phone. I explained I needed to speak with Kasiner Chulak. Pitt advised she knew who he was, and he was in fact present with her. She handed the defendant the telephone. I explained who I was. Before I could proceed further, he advised me to call back at the number I had just text. I reinitiated contact with him as he requested and attempted to have him come to the Police Department for an interview. The defendant initially advised he would be at the department within the hour. As the time approached, I received a text message asking whether he needed a lawyer and for more information about the case. Ultimately, the defendant declined to provide a statement and said his attorney would be in contact.

On the afternoon of August 12, 2019, Attorney Adam Cowey called me. I explained what I spoke with the defendant about. I requested an interview. He advised he would work on it. Later in the day I received a call from attorney Zach Ward who advised he was representing the defendant. He advised a statement would not be provided.

On August 16, 2019, the defendant came to the police department with his attorney to receive a Notice to Appear. He declined to provide a statement at the time. The interaction was recorded on my body worn camera.

Based on the above facts, there is probable cause to charge Kasiner Chulak with two counts of solicitation for prostitution (F.S. 796.07 4A1) for requesting in call via text message on \_\_\_\_\_ and requesting another in call on September 4, 2019. A Notice to Appear was given as Chulak met the requirement.

FIELD CASE REPORT

CASE#

2019-00122592

DEFENDANT: Caleb Matthews  
CHARGES: Solicitation for Prostitution

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number

During a review of the communications, I found contact was initiated by the suspect on [redacted] with a message reading, "Hey." The suspect was asked, "Out call or car date" with the suspect indicating he wanted a car date. When asked how much time the suspect wanted, the suspect asked, "How much time for 60?" The suspect was told 15 minutes and the suspect agree. The suspect provided the address of an apartment complex with a specific apartment provided.

Based on the circumstances of the advertisement, coupled with the discussed price for a specific amount of time, it is reasonable to believe this agreement was for sexual acts for a period of 15 minutes in exchange for \$60.00.

As the communications continued, the suspect indicated he could not travel to meet due to having insufficient gas in his vehicle.

Telephone number [redacted] was determined to be a Voice over IP (VoIP) telephone number provided by TextNow. Legal process was served to identify the user who obtained the telephone number. This resulted in the discovery the account assigned the TextNow number was associated with a specific Google e-mail address. Information was received from Google indicating the e-mail account was associated with the name Caleb Matthews, and a telephone number was also associated with the e-mail address.

The suspect was identified through a search of law enforcement databases. Inv. Ray and I made contact at 1902 B Darryl Dr. in an effort to interview Matthews. I made contact with Matthews' father, who agreed to make contact with his son by phone. While speaking with Matthews by phone, I noticed the cellular phone number matched that of the telephone number associated with the Google e-mail address. Inv. Ray and I followed Matthews' father

to 2731 S Blairstone Rd, where I spoke with Matthews in the parking lot. My non-custodial interview with Matthews was recorded via my department issued body worn camera.

During my interview, Matthews stated he recalled the advertisement. Matthews explained he was at the apartment complex at the address provided in the text communications. Matthews admitted to getting the TextNow number contemporaneous with the communications because he did not want to use his own number. Matthews admitted to requesting the out call and admitted to taking part in the communications. Matthews also provided his e-mail address as the same Google e-mail address used to set up the TextNow account.

At the conclusion of the interview, I issued Matthews a Notice to Appear (NTA) for one count of Solicitation for Prostitution with a court date of 10/10/2019. I obtained a right thumb print from Matthews for the NTA. Inv. Ray took a digital photograph of Matthews, which was uploaded to the Axon database.

## FIELD CASE REPORT

CASE#

2019-00123134

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the text message thread by attempting to call the known telephone number. This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant was asked whether he wanted a "in call outcall or car date". Based on my training and professional experience, an in call is when the solicitor travels to the prostitute's location, whether a hotel, residence, or other predetermined location, and a sexual act occurs for the exchange of currency or other payment. A car date refers to a solicitor picking up the prostitute and then exchanging money for a sexual act within the confines of the solicitor's vehicle. An out call refers to a prostitute traveling to the defendant's house, motel room, or other predetermined location, where an exchange of currency or other form of payment is exchanged for a sexual act. The defendant sent "I prefer incall". And requested the price for an hour. The price of \$180 was supplied. The defendant proceeded to ask whether bb (bareback or no condom) was provided. The response "60 extra" was sent. In addition, the defendant text "240 all tunnels? Cum friendly? Or no" When the response "Huh what do u mean" was sent to the defendant he replied with "lol nvm that b a bit too much 4 u my apologies." After further conversation, the defendant was provided with the final price of \$260. Based on an analysis of the communication, it does not appear the defendant followed through with the plans discussed in the text thread.

Utilizing law enforcement databases, I located a Leon County Sheriff's Office disturbance report from December 2018 where Bradley Caldwell (defendant) provided the phone number as a contact number. The report documented a disturbance between the defendant and a female. The defendant told the responding deputy he invited the female subject to his residence to "have sex in exchange for money". When the female subject arrived she did not want to have sex so he told her to leave. It was at this point the female called the police and said she was being held against her will. The female subject was gone when law enforcement arrived.

On August 15, 2019, myself and FDLE Special Agent Erica Hindale-Morris went to 4374 Cool View Dr. This was the address from the Leon County Sheriff's Office report along with the address on the defendant's FL DL. Located in the driveway of the residence was a white Lincoln sedan with a subject whom appeared to be the defendant. I made contact, introducing myself, and asking whether he was Bradley Caldwell. He advised he was and provided his FL DL confirming his identity. I told him he wasn't under arrest.

I explained who I was and requested that he allow me to speak with him for a short period of time about a case I was following-up on. The defendant provided his telephone number as . He advised he has had this phone number since approximately May 2018 when he was released from jail. I showed the

defendant pictures from the advertisement and the person whom I believed he was texting with. He denied ever seeing either pictures. I told the defendant about the Leon County Sheriff's Office report, which he confirmed he did in fact file a report with them. I showed the defendant a copy of the text messages between his telephone number and the known telephone number. The defendant asked, "this coming from my number?" "This is crazy." Along with "I need to talk to my lawyer." I told the defendant he qualified for a Notice to Appear or he could opt for a warrant. The defendant advised he would accept the Notice to Appear.

It should be noted the Police Department had jurisdiction over this case as the person whom the defendant communicated with was within the city limits of Tallahassee, FL.

Based on the above facts, it is evident that the phone number \_\_\_\_\_ was used by Bradley Caldwell at the time of the discovered conversations. This is due to the following facts, only Bradley uses his telephone, he had the telephone number \_\_\_\_\_ at the time of the text conversations, and Caldwell previously admitting to law enforcement during this same time frame he exchanged money for sex. Caldwell was provided a Notice to Appear for one count of Solicitation for Prostitution as he met the Notice to Appear requirements.

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the communication by sending a text reading "Hello are you available?" There was a text message sent back reading "Are you affiliated with any type of law enforcement agencies". The defendant text back that he wasn't and asked "Can you do \$60 for 30 mins?" This was affirmed with an "Ok" reply, but when the defendant said he wanted to come "over to your spot" the response was "I don't have a spot right now". The defendant text back "Carplay?" Based on training and professional experience it is known that "carplay" refers to the solicitor traveling to the prostitute where they partake in a sexual act in exchange for a form of payment. The exchange happens within the confines of the solicitor's vehicle. The defendant also requested to have sexual intercourse "without a condom".

A subpoena was issued to T-mobile requesting subscriber information for the IP address

On August 20, 2019, I called the defendant at the phone number supplied by T-mobile. A male answered who confirmed they were Christopher Geter. I requested they come to the police department for an interview. Within approximately an hour, the defendant arrived.

I escorted him to interview room #1 which is audio/ video recorded. I explained to the defendant he was free to leave at any time and could decide not to speak with me if he desired. The defendant confirmed the number I called him at was a good contact number. He also supplied

as a good e-mail address for him. Initially, the defendant did not identify the textnow telephone number as an alternative telephone number. I showed the defendant a photo of subject known to law enforcement. He advised he knew the subject because he had seen the photo on a website. He initially identified the site as "tagged", a social networking site. He denied ever meeting the person. I then showed the defendant the advertisement from "skipthegames". He provided his definition of "skipthegames" as an escort website. In addition, he advised an escort was someone who provided dates and/ or sexual activities. He also acknowledged it wouldn't surprise him if I had text messages between him and the subject. He identified the telephone number as his textnow telephone number. He also identified the conversations as his. When asked why he communicated with the subject since he knew it was illegal, the defendant advised he was in the mood.

Based on the above facts and admittances, there is probable cause to charge the defendant with one count of solicitation for prostitution (796.07 4a1) for requesting 30 minutes of "carplay" without a condom for \$60. Geter was provided a Notice to Appear as he met the requirements.

2019-00126449

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant initiated contact by attempting to call the known telephone number. There was a response text back which read "Are you affiliated with any type of law enforcement agencies". The defendant attempted to call the known telephone number two more times. He was also asked twice more whether he was affiliated with any law enforcement agencies. He also advised "I'm Rick". He was asked via text message whether he desired a "car date or out call". Based on my training and professional experience, a car date refers to when the solicitor drives to the prostitute and both engage in a sexual act in exchange for a form of payment. The exchange takes place within the confines of the vehicle. An out call refers to a prostitute traveling to the defendant's house, motel room, or other predetermined location, and an exchange of a sexual act for a form of payment occurs. The defendant was also told to call the known telephone number. He advised he would within two or three minutes. In addition, the defendant text "this is a talking text is likely to say really crazy things. LOL".

On \_\_\_\_\_, the defendant text the known telephone number "...I really want to for two hours..." A text message was sent back which read "Hr180" and another one which read "For u 150".

\_\_\_\_\_ the defendant text the known telephone number "Oka Baby text me your address I got money right now and more later! Are you ready to get fucked hard because I want YOUR TIGHT LITTLE PUSSY". The defendant was provided an address known to law enforcement.

A court order was drafted and sent to the phone carrier for \_\_\_\_\_. The information returned from Tracfone indicated the subscriber was Richard Shinault (defendant). In addition, the address was 9241 Old Woodville Rd. The subscriber information also showed this phone line became active on \_\_\_\_\_.

Utilizing law enforcement databases, I located a FL DL for the defendant. The listed address was in fact 9241 Old Woodville Rd.

On August 22, 2019, \_\_\_\_\_. A male answered the phone and identified himself as Richard Shinault. I requested he come to the police department for an interview. He agreed.

On the same date, the defendant arrived at the police department and was escorted to interview room #1 where Inv. Osborn and I conducted an audio/ video recorded interview. I informed the defendant he was free to leave at anytime and could decide not to speak with me if wanted to. The defendant acknowledged he understood. The defendant provided an address of 9241 Old Woodville Rd along with confirming his phone

number was in fact He also confirmed he uses the "talk to text" feature of his cell phone.

The defendant confirmed he has visited "Skipthegames" before and also admitted to talking with girls who were on the website. The defendant claimed to text the girls from the website with the intent of utilizing the conversations as means to stimulate his imagination for the benefit of masturbation. He denied ever meeting any of these girls and also advised he has even been called out several times for this.

I confronted the suspect about sending a video to the known telephone number which based on the context of the message it could be deduced that the video contained footage of the defendant masturbating. I asked the defendant about this video. He advised if he sent anything it most likely would have been a recording of a pornographic video. He denied ever sending a video of himself.

Based on the above facts, there is probable cause to charge Richard Shinault with two counts of solicitation for prostitution (F.S. 796.07 4a1) for requesting sex for money

Shinault met the requirements for a notice to appear, which he was provided.

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number [redacted]. I found the suspect initiated contact on [redacted] and during discussions on that date, the suspect asked, "Where r u and what r your rates sexy?" The suspect was provided with a response reading, "Qv 70". Based on my training and professional experience, I know "Qv" is short for a quick visit, which is a period of time equal to, or less than, 15 minutes. The 70 indicates it would cost \$70.00 for the visit. The suspect also asked, "Do you suck w or without a condom and can I eat your pussy?" During the text, the suspect stated his name was "Joe."

During communication on [redacted], the suspect again stated his name was "joe" and also sent a message reading, "U came to my condo on blairstone before." The suspect was provided with a message reading, "I'm only doing car dates and out calls." The suspect was later provided with a price of \$70.00 for the meeting. The suspect indicated he had to wait until he got paid.

The suspect was identified as Joseph Haley based on a search of the phone number used by the suspect in the above communications. I made contact with Haley by phone and requested to meet with him to conduct an interview in this case on 08/22/2019. Haley agreed to meet with me in the parking lot of 2415 N Monroe St. The non-custodial interview was recorded via my department issued body worn camera. During the interview, Haley stated the number used during the communication was his own and now one currently uses it. Haley admitted to communicating with individuals off the specific site where the advertisement was posted. I showed Haley a transcript of the text messages. Haley stated he did not recognize the communications. Haley also provided his address as being on Blairstone Rd, consistent with the above communications.

Based on the above detailed investigation, I issued Haley a Notice to Appear for one count of Solicitation for Prostitution with a court date of October 17, 2019. I collected a fingerprint from Haley and took a photo of him using my department issued cell phone via the Axon application.

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement listed multiple sexual acts and contained a sexually explicit image.

Communications between the known telephone number and telephone number

Communications on [redacted] were limited to brief greetings. The suspect initiated contact on [redacted] with a greeting. The suspect stated he was in an office and would have to travel to a meeting location.

The suspect again initiated contact on [redacted] but did not respond to a reciprocal greeting to his initial greeting.

The suspect initiated contact on [redacted]. During communications on this date, the suspect was asked how much time he wanted and he responded, "Can I come to you" and "Hh GFE". Upon being asked what "GFE" meant, the suspect responded, "You're my girlfriend." Upon receiving a response of "Huh," the suspect stated, "Girlfriends are safe." The suspect was provided with "Hh120" indicating a half hour of time would be \$120.00. The suspect asked where and received no response.

The suspect once again initiated contact on [redacted]. The suspect asked, "Can I come over" and was asked how much time he wanted. The suspect once again responded, "Hh GFE." Upon again being asked what "GFE" meant, the suspect responded, "You're my girlfriend." The suspect was again provided with a response of, "HH120." The suspect asked, "Where" and was provided a location. The suspect stated he would have to meet the following day and indicated he could not meet at his location because he was in an office.

The suspect in this case was identified as Douglas Russell based on phone records associated with the telephone number. I attempted contact with Russell by phone on 08/22/2019 to request an interview. I received no answer on the call, which went to voicemail. I found the

voicemail to be a customized voicemail indicating it belonged to “Doug Russell.” I received a call back from Russell and he stated he would contact me back. I ultimately received a call from two attorneys, with the final call being from Attorney Greenberg, who stated he would be representing Russell in the criminal investigation. Russell declined to meet me to be interviewed in this investigation.

Based on the above, Russell is being charged with two counts of Solicitation for Prostitution based on the discussion of paying \$120 for a half hour of time based on a sexually explicit advertisement. This took place on

I met with Russell at the Attorney Greenberg’s office on the afternoon of 09/06/2019 and issued Russell a Notice to Appear for 2 counts of Solicitation for Prostitution with an appearance date of 10/31/2019. Russell signed and accepted the Notice to Appear. I collected a thumb print from Russell. This interaction as recorded via my department issued Body Worn Camera.

This case is closed, cleared by arrest.

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number

The first recovered communication was a message from the suspect reading, "How much for a quick fuck?" When asked how much time the suspect wanted, he responded, "15 minutes or so just long enough to fuck." The suspect was provided with a price of \$60.00. The suspect provided his address as 123 Bass St. As communications continued, the suspect offered to get an additional \$60.00 to pay \$120.00 for a half an hour of time.

The suspect was identified as Delbert Grush based on the telephone number used for the above communication. I contacted Grush by phone on 08/23/2018 and he agreed to meet with me in the parking lot of 3425 Thomasville Rd. Inv. Ray and I met with Grush and conducted a non-custodial interview which was captured on our department issued body-worn cameras. During the interview, Grush acknowledged the telephone number used during the interview was his own and said not one else uses the phone without his consent. Grush denied having been on the specific site used during this incident. Grush admitted to the above described communications. Grush also provided his address as 123 Bass St.

Based on the above detailed investigation, I issued Grush a Notice to Appear for one count of Solicitation for Prostitution with a court date of October 17, 2019. I collected a fingerprint from Grush and took a photo of him using my department issued cell phone via the Axon application.

Communication between the known telephone and telephone number

The defendant started the text message thread by sending a text message which read "You do outcall". Based on my training and professional experience, I know an out call is when the prostitute travels to the solicitor to perform a sexual act in exchange for some form of currency. The defendant then attempted to call the known telephone number. This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant replied, "No not all". When questioned about how time the defendant wanted, he advised "Quick release". The reply text message read "OK qv70 but I can come to u 57\$". The defendant acknowledged and then sent his address.

A search of law enforcement databases showed the telephone number was associated with Frank Walker, Jr (defendant). Utilizing the DHSMV driver's license database, I located a Frank Walker, Jr which also resided in Tallahassee, FL.

On August 23, 2019, I called telephone number and spoke with a male who identified themselves as Frank Walker, Jr (defendant)

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number [redacted]. Upon review of the recovered communications, I found the suspect sent the first message on [redacted] reading, "Hey, How much q.v.?" Based on my training and professional experience, I know "q.v." to be short for a "quick visit." In the context of this type of arrangement, a quick visit is a length of time equal to, or less than, 15 minutes. The suspect received a response reading, "Are you affiliated with any type of law enforcement agencies?" The suspect did not respond on this date.

On [redacted], the suspect sent a .wav file, though the contents of that file are not available for this investigation. The suspect then tried to call the telephone number listed on the advertisement, though the call was not answered. A message was again sent to the suspect asking if he was affiliated with any type of law enforcement agencies. The suspect responded he was not. The suspect requested an "outcall" and provided his address as 1925 W Pensacola St.

On [redacted] the suspect attempted to call the telephone number listed on the advertisement, though the call was not answered. [redacted], the suspect again requested an "outcall" and sent a message reading, "Aye I got 40, you can do that or no?" An affirmation was sent to the suspect.

The suspect was identified as Garrett Ford via the telephone number used to communicate in this case. This was determined using law enforcement databases. On 08/26/2019, Inv. Ray and I attempted contact with Ford with Inv. Ray attempting contact via telephone. When there was no answer, Inv. Ray left a message. Ford called back a short time later and we met with Ford at his residence located at 1924 W Pensacola St. #110. The non-custodial interview was recovered via the body worn camera.

During the interview, Ford stated he was the only person who uses the telephone number used for the above communications. I showed Ford the advertisement and he stated he didn't recognize it. Ford admitted to going on the specific site used to advertise in this case. Ford stated he calls individuals from the site but is just "playing around." Ford stated he has not met anyone from the site. Ford admitted to giving out his address, though he doesn't give out an apartment number. I showed Ford a transcript of the communications. After reading the communications, he indicated he recognized them. Ford stated he communicates with individuals on the site when he was bored.

Based on the above, it was determined probable cause existed for Solicitation for Prostitution. I issued Ford a Notice to Appear with an appearance date of 10/17/2019. Garrett signed the Notice to Appear the provided a right thumb print. Inv. Ray collected a photograph of Garrett using his department issued cell phone. The photo was uploaded to the Axon database.

This case is closed, cleared by arrest.

## FIELD CASE REPORT

CASE#

2019-00129320

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

### Communication between the known telephone and telephone number

The defendant started the text message thread sending a text message which read "Heyy u free". This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant advised "No babe" and was then asked "Ok how much time do u want babe". The defendant text back "What are your donation rates". The defendant was asked whether he wanted a "in call outcall or car date". Based on my training and professional experience, an in call is when the solicitor travels to the prostitute's location, whether a hotel, residence, or other predetermined location, and a sexual act occurs for the exchange of currency or other payment. A car date refers to a solicitor picking up the prostitute and then exchanging money for a sexual act within the confines of the solicitor's vehicle. An out call refers to a prostitute traveling to the defendant's house, motel room, or other predetermined location, where an exchange of currency or other form of payment is exchanged for a sexual act. The defendant advised he "come to you" and "or i can come to you and we can have fun in my truck". The defendant was sent back a text message which read "Qv70 hh120 hr180 over-nite400". Again, based on my training and professional experience, I know that qv is a quick visit which is usually equal to 15 minutes or shorter, hh is a half an hour, and hr is one hour. The defendant replied "Fuck i don't have that". When asked how much money he did have, the defendant replied with "Only \$45 sorry" and "Don't wanna low ball you my bad".

A court order was drafter, signed, and sent to the cell phone carrier for telephone number [redacted]. Utilizing the records provided, the subscriber was determined to be John Tate (defendant).

I then utilized law enforcement databases and determined a John Anthony Tate, Jr provided the telephone number [redacted] during an investigatory report to FSUPD (1902-0145).

On August 26, 2019, I called [redacted] and spoke with a male who identified themselves as John Tate. He agreed to meet with me near CollegeTown on Madison St. Inv. Osborn and I met with the defendant near Lorene St and W Madison St. I positively identified him based on a previous FL DL picture I observed. The defendant confirmed the telephone number [redacted]. The defendant answered a phone call from his father and wished to have him participate in the interview. I explained to both the parameters of the investigation. The defendant advised he did not remember sending any text messages soliciting prostitutes. The defendant alleged he frequently loses his phone and has found it in other parts of the city. During these periods, the telephone would be missing for weeks at a time. The defendant alleged the cell phone was not password protected when it was lost. It should be noted the defendant said the cell phone was reported as lost to the cell phone carrier by his father. The defendant admitted to visiting the known website two times, but was unsure whether he could have sent text messages if he was intoxicated or under any other

circumstances.

I reviewed the cell phone records provided by AT&T for telephone number . These records were for the date of September 11, 2018. On this date, there were nine instances of communication between the handset and telephone number , the listed home telephone number for the account holder John Tate, Sr. Based on this, it is highly unlikely the defendant's cell phone was missing on the date the solicitation for prostitution occurred.

Based on the above facts there is probable cause to charge John Tate, Jr with one count of solicitation for prostitution (F.S. 796.07 4a1) for requesting a quick visit in exchange for \$45. Tate was provided a Notice to Appear as he met the Notice to Appear requirements.

The defendant started the text message thread by sending a text message which read "Hey r u available". This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant asked, "Can u pull up". The defendant provided the address "1303 Ocala Rd". When asked how much time the defendant wanted, he replied via text message "I go 40 and a blunt of sum loud". Based on my training and professional training, I know loud is street slang for cannabis. A text message was sent back reading "Ok I can give u 10mins for that". In addition, the defendant provided building 16 apartment 100. Based on the communications it appears the defendant did not follow through with his request as the other subject could not come to his apartment.

as his contact telephone number. In addition, he also provided this telephone number on December 19, 2017 when he was listed as a suspect in a trespass warning investigated by the Tallahassee Police Department (2017-00042767).

On August 26, 2019, I attempted contact at 1303 Ocala Rd Apt 100 in an effort to interview the defendant. An unidentified subject answered the door who advised they did not know the defendant and had recently moved in. I next called [redacted] The a male subject answered the telephone and identified themselves as Antwane Seymour (defendant). I requested to meet the defendant who agreed. He requested I meet him at the Subway on W Tennessee St near Ocala Rd.

As I parked near the Subway, I observed the defendant walking from his place of employment. I met the defendant in the parking lot and introduced myself and Inv. Osborn. 119.071(2)(e)

Based on the above facts there is probable cause to charge Antwane Seymour with one count of Solicitation for Prostitution (F.S. 796.07 4a1)

He was provided a Notice to Appear as he met the requirements.

### Communication between the known telephone and telephone

The defendant started the text message thread by sending a text message which read "Gm (Good Morning)". This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant was asked via text message "OK car date or out call". Based on my training and professional experience, I know that a car date refers to a solicitor and prostitute meeting and exchanging sexual activity for currency within the confines of a vehicle. An out call refers to the prostitute traveling to the solicitor's location and performing a sexual act in exchange for currency. The defendant replied ".can I get ad name again". The answer supplied back was "Which one I have more than one". The defendant advised "I was on skip the games". It should be noted "Skip the games" is an escort website strictly used by prostitutes ("escorts") to advertise sexual services offered and their prices. The defendant also requested a picture. Nine pictures were sent to the victim; however, there is no way of seeing what they were at this time. Once the pictures were received, the defendant replied "Omg wat side of town u on". An address known to law enforcement was supplied. When the defendant was asked if he was coming, he replied "I got 40". The response back was "I can give you head fa 40".

Utilizing law enforcement databases, it was determined telephone number \_\_\_\_\_ was a VOIP number managed by "Textnow". A VOIP, or Voice over IP, is a telephone technology which allows for communication electronically without having to use the actual cell phone carrier of the device. Often times, subjects will use a VOIP setup when trying to remain anonymous.

A subpoena was drafted requesting the subscriber information from Textnow for the telephone number \_\_\_\_\_  
The evidence returned provided a \_\_\_\_\_

A search warrant was drafted and signed by Judge Aikens on June 10, 2019 for the mailbox content and subscriber information \_\_\_\_\_

The returned information identified the owner of the e-mail address as Mike Hale with a telephone number of \_\_\_\_\_. In addition, the most recent IP address utilized was \_\_\_\_\_.

A subpoena was drafted requesting the account information for the account utilizing the located IP address. The information supplied identified the account holder as Abi Mustapha. Utilizing public social media websites, I located information for Abi Mustapha. This information led to the identification of Michael Hale (defendant) as a subject who knew Mustapha.

DEFENDANT: Markendy Jacques  
CHARGES: Solicitation for Prostitution

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number  
The first recovered message was sent by the suspect and read, "What's good". Upon being asked how much time he wanted, the suspect responded, "30 mins" and indicated he wanted out "outcall". The suspect indicated he did not expect to pay money, though he did state he had a "whole half of weed" indicating he planned on providing marijuana in exchange for the time of sexual acts.

The suspect was identified as Markendy Jacques through a search of law enforcement databases by the telephone number used for the above communications. Contact was made with Jacques by phone on 08/28/2019 and he agreed to meet in the parking lot of Starbucks on W Tennessee St. Inv. Ray and I conducted a non-custodial interview with Jacques in the parking lot. 119.071(2)(e)

Based on the above detailed investigation, I issued Jacques a Notice to Appear for one count of Solicitation for Prostitution with a court date of October 24, 2019. I collected a fingerprint from Jacques and Inv. Ray collected a photo of him using his department issued cell phone via the Axon application.

Communication between the known telephone and telephone number

The defendant started the text message thread by sending a text message which read "Wats up bae". This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant was asked via text message "OK how much time do u want". The defendant replied with "I'm saying how long can you stay and how much". The defendant received a text message reading "Qv70 hh120 hr180". Based on my training and professional experience, I know this is a price list for sets of time. QV is an abbreviation for quick visit which is the equivalent of a quarter hour of time or less. Hh is an abbreviation for half an hour. Hr is an abbreviation for an hour. During all these, there will be an exchange of a sexual act for a form of payment. In addition, the defendant was asked "And u gone come to me or u want me to ur house". After further discussion of how the defendant would get the known subject to their residence, the defendant text "I got a dollar for ya". When the defendant was asked to clarify if "a dollar" was \$100, he agreed.

Utilizing law enforcement databases, it was determined telephone number was a VOIP number managed by "Pinger , Inc". A VOIP, or Voice over IP, is a telephone technology which allows for communication electronically without having to use the actual cell phone carrier of the device. Often times, subjects will use a VOIP setup when trying to remain anonymous.

DEFENDANT: Terence X Day, Jr  
CHARGES: Solicitation for Prostitution

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number

The first recovered communication was found to be from the suspect reading, "Rates?" The suspect was asked how much time he wanted on \_\_\_\_\_ and responded he wanted a "Q.v."

Based on my training and professional experience, I know a "Q.v" is a quick visit, which represents a length of time equal to, or less than 15 minutes. The suspect was asked how much money he had and he responded he had \$60.00 on \_\_\_\_\_. Though this conversation spanned several days, it appears to be a single, ongoing conversation.

The suspect in this case was identified as Terence Day, Jr. based on phone records. I contacted Day by phone on 08/28/2019. Contact was made with Day by phone on 08/28/2019 and he agreed to meet in the parking lot of the Circle K located at 2017 W Pensacola St. 119.071(2)(e)

Based on the above detailed investigation, I issued Day a Notice to Appear for one count of Solicitation for Prostitution with a court date of October 24, 2019. I collected a fingerprint from Day and took a photo of him using my department issued cell phone via the Axon application.

DEFENDANT: Calvin Beauford  
CHARGES: Solicitation for Prostitution (3 counts)

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number [redacted] Both telephone numbers were found to be VoIP numbers with the first being issued through TextNow and the second being issued by Pinger.

Upon review of the text messages recovered with telephone number [redacted], I found the first message was sent by the suspect on [redacted] reading, "Wassup." The suspect requested an "outcall quickie" and advised he was on Stone Rd. The suspect asked for a price and was provided \$70.00. The suspect also sent a message reading, "Shit imma nutt in less than 10mins. I got 50." The suspect later stated he only had \$40.00 after paying for food and was told he could be provided with "head," a slang term for oral sex for that price. The suspect responded, "Naw I need some good head n pussy. Not goin lie." The suspect was told he would have to pay \$85.00.

I issued a subpoena to TextNow and found the account was associated with [redacted] I issued a search warrant to Microsoft for information related to the e-mail account. I received information indicating the subscriber was [redacted] I also received an IP log for the account and issued a subpoena to Comcast. I found the account was accessed by an account identified as belonging to Calvin Beauford with an address of 1447 Stone Rd. Apt. D28.

Upon review with the communications from telephone number [redacted], I found the first recovered message was sent by the suspect on [redacted]. After limited conversation, the suspect sent a message on [redacted], "Come thru for the 50."

A short time later, the suspect sent a message reading, "Shit u cool it's me and my cuz. We got \$50 a piece." When asked for a location, the suspect provided, "Planters Crossing 1447 Stone Rd Call when u get in complex and I'll guide you from der."

On [redacted] the suspect sent a message reading, "40 from the back...u in tally". There was limited

Microsoft, which showed the subscriber name to be listed as "Deez Nutts". Upon review of e-mails contained within the account, I found numerous e-mail identifying a Twitter account associated with the same e-mail address. I issued a subpoena to Twitter for account information, including an IP log. Upon receipt of the information, I found the Twitter account was accessed via a Comcast IP address. Upon issuance of a subpoena to Comcast, I found the account used to access Twitter was assigned to Calvin Beauford with an address of 1447 Stone Rd. Apt. D28.

I made contact with Beauford by phone on 09/03/2019 and he agreed to meet with me in a parking lot in the 3800 block of N Monroe St. During the course of the non-custodial interview, which was recorded via department issued body worn camera, Beauford acknowledged both of the above e-mail addresses were ones he used. I asked Beauford how many times he had gone on the specific website used for the advertisement in this investigation. Beauford said he goes on the site "a lot." I showed Beauford a transcript of the text messages in this case. Beauford stated he recognized telephone number as a number he used. Beauford stated he did not recognize telephone number, though he did admit to having used many different numbers.

Based on the interview, probable cause was established for three counts of solicitation for prostitution based on the conversations. I issued Beauford a Notice To Appear for October 31, 2109. Beauford provided a right thumb print on the form and I collected an image of Beauford using my department issued cellular phone, which was uploaded into the Axon database.

This case is closed, cleared by arrest.

CHARGES: Solicitation for Prostitution

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications were recovered between the known telephone number and telephone number

During a review of the recovered text messages, I found a message from the suspect sent on [redacted] reading, "Are you available? How much for thirty minutes?" A response was sent indicating it would cost \$120.00 for the time requested. The suspect sent a response reading, "WOW! Sorry to disturb you sweetie."

On [redacted], a missed call was observed from the suspect. The suspect was asked how much time he wanted and responded with a message reading, "Now your game is about to start. I just want some head and a nut." An affirmation was sent to the suspect. Later on the same date, the suspect sent a message reading, "Do you mind if I enjoy you w/o the glove? I am 56 and very clean. If not I understand." A message as sent indicating it would cost a total price of \$140.00 and the suspect declined.

On [redacted], the suspect asked, "How much you asking for some of your pussy for thirty minutes?" A response was sent indicating it would cost \$100. The suspect sent a message reading, "Thank you."

The suspect was identified as James Ceaser Vaughn, Jr. after searching law enforcement databases by the phone number used in the communication. Inv. Bascom and I made contact with Vaughn in the front yard of 4685 Gearhart Rd. on 09/03/2019. I conducted a non-custodial interview, which was captured via department issued Body Worn Camera. During the interview, Vaughn identified the telephone number used for the communications as his own. Vaughn admitted to communicating with individuals on the specific site where the advertisement described above was posted. I showed Vaughn a transcript of the text messages, though he stated he did not recall the specific communications. Vaughn estimated he has met 3-4 individuals from the site.

Based on the above detailed investigation, I issued Vaughn a Notice to Appear for one count of Solicitation for Prostitution with a court date of October 31, 2019. I collected a fingerprint from Vaughn and took a photo of him using my department issued cell phone via the Axon application.

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number

Upon review of the text messages recovered on \_\_\_\_\_, I the suspect attempted to call, though it was unanswered. The suspect indicated he wanted a "Qv" which is short for a "quick visit." Based on my training and professional experience, I know a quick visit is a length of time equal to, or less than, 15 minutes. The suspect was provided a price of \$70.00.

The suspect sent a message reading, "70 let me see what I am getting for 70." The suspect then sent a message reading, "I want to see a pic of you now and that pussy then you can get my money."

On \_\_\_\_\_ The suspect reinitiated contact with a text message. The suspect agreed to pay \$70.00 for "it all."

During communications on \_\_\_\_\_, the suspect requested a quick visit.

The suspect in this case was identified as Jerry Herring based on the telephone number used for the above communications. I contacted Herring by phone on \_\_\_\_\_ and he agreed to speak with me in a parking lot in the 3800 block of N Monroe St. I conducted a non-custodial interview with Herring, which was recorded on the department issued body worn camera of both myself and Inv. Bascom. During the interview, Herring stated the telephone number used for the above communications was his own. Herring said he looked at the specific site used for the advertisement in this case "all the time." Upon being shown a transcript of the text communications, Herring said he was probably "playing with" her but denied having ever met anyone from the site.

Based on the interview, probable cause was established for one count of Solicitation for Prostitution. I issued Herring a Notice to Appear with an appearance date of 10/31/2019. I collected a thumb print on the from and a photo of Herring using my department issued cell phone, which was uploaded to the Axon database.

Communications between the known telephone number and telephone number

, the suspect was asked how much time he wanted, and he responded, "Prob QV or HH". Based on my training and professional experience, I know "QV" means a quick visit, which is a period of time equal to, or less than, 15 minutes and "HH" means a half of an hour.

Communications continued on and the suspect was provided with a message reading, "Qv70HH120Hr180" indicating a quick visit would cost \$70, a half hour would cost \$120 and an hour would cost \$180.

The telephone number used for the communications above was found to be a Voice over IP (VoIP) telephone number provided by TextNow. I issued a subpoena to TextNow and found the user assigned the telephone number was identified by the. I issued a search warrant to Yahoo and found that e-mail address was created on 01/25/2000 and the user entered a and a telephone number was attached to the account. Based on this information, the suspect was identified as Derek Helms.

I contacted Helms at telephone number on 09/03/2019 and requested to meet with him for an interview. Helms agreed to meet at TFD Station 1. Inv. Bascom and I conducted a non-custodial interview with Helms, which was recovered via our department issued Body Worn Cameras. 119.071(2)(e)

Based on the above detailed investigation, I issued Helms a Notice to Appear for one count of Solicitation for Prostitution with a court date of October 31, 2019. I collected a fingerprint from Helms and took a photo of him using my department issued cell phone via the Axon application.

2019-00134317

During the course of an investigation of social media communications, communications by Kenneth Prather were recovered. In those communications Prather solicited sex acts for money.

A social media account with the name of "Kenneth Prather" communicated with another social media account known to law enforcement.

The social media account had numerous pictures of Prather, which matched his Florida driver's license.

In those communications, were the following along with multiple in app phone calls and veiled communication:

Prather stated, "I have 30".

Prather agreed to \$20.

Prather agreed to \$20 apiece for he and a friend. Later on that date, Prather communicated he had to spend money on gas and only had \$10 left. He additionally stated "his cuz" was not coming and asked, "So you're going to do it for 10".

Prather again sent communication that he and his cousin were together and stated they had \$10 apiece. Prather wanted something other than "head" for that.

On September 4, 2019 I made contact with Kenneth Prather in the parking lot of McDonald's at 672 W. Tennessee Street. Mr. Prather willingly met me in an open parking lot. I explained to Mr. Prather he did not have to speak with me and was free to leave.

Mr. Prather identified his social media page of Kenneth Prather. Prather admitted the conversations regarding sex for money were him. Prather denied there was actually a "cousin" when he was making arrangements for sex. Prather stated he was just talking, never met anyone and there was never a "cousin" involved. Prather further advised he talked like that to a lot of women over social media. Prather stated if I were to look at his social media account I would see him talking like that to numerous women. Prather stated

he never met any of them and because of that they tell him he "lies" because he never shows up. Prather acknowledged he was making appointments to have sex for money, as he did in the communications I reviewed with him (as outlined above). Prather further admitted it was normal for him to make arrangements for "head" for \$20 or \$30 and it was just part of conversation for him.

I asked Prather if he understood it was illegal to solicit sex from someone for money. Mr. Prather stated "yes". I clarified for Mr. Prather it was illegal to discuss sex for money, regardless of the setting, whether a meet took place or any money exchanged hands. Prather was issued a notice to appear for three counts of Solicitation for Prostitution. Prather signed his Notice to Appear, agreeing to appear on the date given, October 31, 2019 at 8:30 am in courtroom 2E. Prather signed his Notice to Appear and provided his thumbprint.

CASE#

2019-00134874

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the text message thread by sending a text message which read "U do incall" and "How much for a q.v.". Based on my training and professional experience, I know that an "incall" is when the solicitor travels to the prostitute's location and a sex act is performed in exchange for currency. In addition, a "q.v." is 15 minutes of time or less during which a sex act is performed in exchange for currency. The defendant's text messages were met with the response "are you affiliated with any type of law enforcement agencies". The defendant replied he wasn't.

On , the defendant text "Do you host?" He was asked how much time he wanted. The defendant replied, "15min Greek". It should be noted "Greek" is common street slang for anal sex. The defendant received a text message back which read "Ok qv70" or \$70 for 15 minutes. It doesn't appear the defendant followed through with the request because the subject would not allow him to travel to her location.

On , the defendant sent a text message which read "Are you hosting?" He was asked how much time he wanted. He replied by text message "Greek q.v." He was provided a price of \$85 and provided an address known to law enforcement. The defendant then text "The last couple of providers I used didn't go until completion. Can I pay you \$50 upfront and \$35 after completion?" The last text message back to the defendant read "Ok wya (where you at). This leads me to believe the defendant never followed through with his request.

Utilizing law enforcement databases, I determined telephone number belonged to Textnow, a Voice over IP phone company. Voice over IP allows a user to use a telephone number not associated with a traditional carrier and instead utilize the internet to transmit text and voice calls. A subpoena was sent to Textnow requesting subscriber information for the telephone number. The provided information identified th -

A check of the provided IP address determined it belonged to Comcast. A subpoena was sent to Comcast requesting current account holder information. The current account holder was identified as Shabadka Yhap (defendant) with an address of 4247 Ridge Haven Rd.

Utilizing law enforcement databases, I determined the defendant listed 4247 Ridge Haven Rd with the FL DHSMV when he acquired his current license.

I called \_\_\_\_\_ the telephone number the defendant listed with Comcast. A male answered the phone and confirmed he was the defendant. I requested he come to the police department for an interview. He agreed to the interview and came to the police department within the interview.

I met the defendant in the lobby and walked him to interview room #2 where an audio/ video recorded interview took place. I confirmed the defendant was living at the Ridge Haven address. He also confirmed his \_\_\_\_\_. I explained he was free to go and did not have to speak with me. The defendant confirmed he knew about the website "skip the games". He advised the website was for meeting different escorts. He acknowledged he had been on the website before. When I asked if he would explain any of his interactions with the escorts on the site, he advised he would rather not speak about it. The defendant confirmed he had previously had a textnow number but could not remember it. He advised it possibly would have been \_\_\_\_\_. I showed the defendant the text message thread between his textnow number and the known telephone number. When I asked him about the conversation, the defendant stated, "I would rather not talk about that."

Based on the above facts, there is probable cause to charge the defendant, Shabadka Yhap, with two counts of Solicitation for Prostitution (F.S. 796.07 4A1) for requesting a quick visit where anal sex would occur in exchange for \$70-\$85 on \_\_\_\_\_. The defendant was provided a Notice to Appear as he met the requirements. The documents shown during the interview were impounded as evidence.

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the text message thread by sending a text message which read "Hello". This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant wrote he wasn't and then text "What's your rate baby?" The text message back is clearly a price list as it read "Qv75 hh125 hr185". Based on my training and professional experience, I know Qv is a quick visit or 15 minutes of time of less during which a sex act is performed in exchange for a form of currency. Hh is a half an hour and hr is 1 hour.

On \_\_\_\_\_, the defendant attempted to call the known telephone number. There was several text messages back and forth consisting of "Gm (good morning" and "Wassaup".

On \_\_\_\_\_, the defendant text "Can I taste that for breakfast?" Based on the content of the original advertisement, which showed lewd pictures of the poster's vagina, it is believed the defendant was referring to performing oral sex on the poster of the advertisement.

On \_\_\_\_\_ the defendant again text "What's ur rate". He was asked how much he was trying to spend. The defendant replied, "Just want to taste you". The text message back read "Ok boo how much u tryna give me". He replied "50/ 60". The defendant was provided an address known to law enforcement; however, based on the final text messages back it appears the defendant never arrived.

Utilizing law enforcement databases, it was determined telephone number \_\_\_\_\_ was serviced by AT&T. A court order was signed requesting subscribed information for this telephone number. The information provided identified Paul Newman (defendant) as the subscriber. In addition, it also indicated the account for this telephone number was created in March 2005.

On September 5, 2018, \_\_\_\_\_ and left a voicemail for Paul Newman to call me back. Later in the day, I received a phone call back from the same number. When I answered a male said he was returning a phone call. He advised he was Paul Newman. He agreed to come to the Police Department on the same day.

I met the defendant in the lobby of the station and escorted him to interview room #1, which is audio/ video recorded. I explained to the defendant he was free to go whenever he wanted to and he didn't have to speak with me. I verified the defendant's identity via his FL DL. He also confirmed his telephone number was \_\_\_\_\_ and no one else uses the phone. The defendant confirmed he knew about the website "skipthegames". When asked what the website was, he said it was a "prostitute website". He confirmed he

has visited the site, texted someone who posted an advertisement on the site, has met someone from the site for sex in exchange for money, and had in fact as recent as a couple days before had met someone. I showed the defendant the text messages, but he advised he didn't recall them.

Based on the above facts, there is probable cause to charge the defendant, Paul Newman, with Solicitation for Prostitution (F.S. 796.07 4A1) for asking for the known subject's rate, saying he wanted to "taste" her, and being provided a price of \$50-\$60. During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number were observed between . The defendant started the text message thread by sending a text message thread which read "are you available?" and "30min?" This was met with the response "are you affiliated with any type of law enforcement agencies".

On , the defendant sent a text message which read "hey. what are your rates?" He was again asked if he was affiliated with law enforcement. After he advised he wasn't he was asked "How much time do u want"? The defendant sent a text message back which read "qv blowjob?" The price of \$70 was provided. The defendant replied, "just a bj?" The price then changed to \$50. Based on my training and professional experience, I know that a "QV" is a quick visit or approximately 15 minutes or less of time during which a sex act occurs in exchange for payment.

On the defendant sent another text message which read "cool. what's your location? I just want a bj". The defendant received a text message back which read "Car date??" Again, based on training and professional experience, I know a car date refers to the solicitor and prostitute meeting within the confines of a vehicle during which a sex act occurs in exchange for money. The defendant was also provided an address known to law enforcement. The defendant next replied "cool be there 10min. red cadillac". Ultimately, the defendant sent a final text message which read "not gone make its a train stuck so I just turned".

Utilizing law enforcement databases, I determined the telephone number most likely belonged to Patrick Gainous (defendant). It should be noted a court order for call records related to this telephone number is still outstanding.

On September 5, 2019, I called telephone number . A male answered the phone and identified himself as Patrick Gainous. I requested he come to the police department for an interview. He agreed and came on the same day.

The defendant was interviewed in interview room #1. The interview was audio/ video recorded. The defendant provided his FL DL in order verify his identity. I explained to the defendant that he was free to leave and did not have to speak with me. I also explained I would stop the interview whenever he wanted me to. I showed the defendant the known advertisement from "Skip the games". The defendant recognized the advertisement. He also knew the website was for "sex services". He also admitted to communicating with people who had advertised on the website. This communication was for "services". When I asked if by services he meant "blowjobs" or "sexual

intercourse”, the defendant stated “in that realm”.

I showed the defendant a copy of the text messages between his telephone number and the known telephone number. The defendant again confirmed it was his telephone number. He also advised he knew “QV” was a quick visit. He also agreed “bj” was a blow job. In addition, the defendant confirmed he drives a red Cadillac. After reviewing the text messages with the defendant, he advised he didn’t recall the conversation. When asked if the messaging was illegal, the defendant said yes because it was soliciting sex services.

Based on the above facts, there is probable cause to charge the defendant, Patrick Gainous, with solicitation for prostitution (F.S. 796.07 4a1) for requesting a car date quick visit where oral sex would be exchanged for \$50. The documents shown to the defendant were impounded as evidence.

CHARGES: Solicitation for Prostitution

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number [redacted] first recovered communication came from the suspect on [redacted] and read, "You available?" The suspect requested an incall for 30 minutes. The suspect was given a price of \$120.00.

During communications [redacted] suspect sent an unknown image and asked, "What's up?" The suspect stated he wanted 15 minutes of time and asked, "I got 80 is that cool?" The suspect was sent an affirmation.

The suspect in this case was identified as Dwight Williams via a request for phone records related to the telephone number used for the above described communions. I made contact with Williams at his place of employment on 09/06/2019. I conducted a non-custodial interview with Williams, which was recorded on my department issued body worn camera. 119.071(2)(e)

Based on the above detailed investigation, I issued Williams a Notice to Appear for one count of Solicitation for Prostitution with a court date of October 31, 2019. I collected a fingerprint from Williams and took a photo of him using my department issued cell phone via the Axon application. Though there were two solicitations, Williams was only charged with one count due to the Statute of Limitations expiring on the first charge.

DEFENDANT: Samuel Bryant  
CHARGES: Solicitation for Prostitution

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number

I found the first contact was a missed call from the suspect. During communications on this date, the suspect asked, "how many roses" which I know from my training and professional experience to be a "code" used in prostitution transactions to ask how much money it will cost for a meeting. The suspect asked for a quick visit, which I know from my training and professional experience to be a period of time equal to, or less than, 15 minutes. The suspect was told it would cost between \$60.00 and \$70.00.

The suspect was identified as Samuel Bryant based on the telephone number used for the above communications. I made contact with Bryant by phone on the morning of 09/10/2019. Bryant agreed to meet with me at his place of employment. Inv. Ray and I met with Bryant and conducted a non-custodial interview which was recorded on our department issued body worn cameras. During the interview, Bryant admitted to the above described communications.

Based on the above detailed investigation, I issued Bryant a Notice to Appear for one count of Solicitation for Prostitution with a court date of October 31, 2019. I collected a fingerprint from Bryant and Inv. Ray took a photo of Bryant using his department issued cell phone via the Axon application.

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the text message thread by sending the text message "Hey what's good boo". This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant than text "No I'm not". A text message was sent back which read "Ok car date or out call". Based on my training and professional experience, I know a car date refers to the prostitute and solicitor meeting within the confines of a vehicle where an exchange of currency for sexual activity occurs. An out call refers to the prostitute traveling to the solicitor's location where an exchange of currency for sexual activity occurs. The defendant replied "I got a spot". The defendant asked the subject her age and was told she was 21. He replied "Oh okay u young and fresh". The defendant also asked "Okay what's your donation". Donation is common terminology used by solicitors to refer to payment for a sexual act. The defendant received a text message which read "Qv70 hh120 hr180 over night 300". These are prices for period of time equal to 15 minutes, 30 minutes, 60 minutes, and 24 hours respectively. As the conversation continues, the defendant text "I get off at 5 and I want a qv". It should be noted the statute of limitations expired for this offense; however, it was included as being relevant to the continued pattern of activity presented by the defendant.

On , the defendant text "Hey what's good" and "Trying to see u". He received a text message back which read "How much time do u want". The defendant replied "Qv". The next text message read "Fa qv70 but fa u how much u got ( that's if u don't have 70 ) and/or just BC I fucc witcha and I need to make sum money... ( even if u just ain't got 70 to spend ) tha lowest i will go fa ya is 55". The defendant advised "Ok I got 55".

Utilizing law enforcement databases, I determined phone number was a Textnow number. A subpoena was issued to Textnow requesting subscriber information. The supplied evidence identified the username

The captured IP address was determined to belong to Comcast. A subpoena was sent to Comcast requesting the account information for the associated IP address. The service address was determined to be 509 E Magnolia Dr Apt G123.

Utilizing a FL DHSMV database, I located a Deon'shaye Lilly (defendant) who listed 509 E Magnolia Dr Apt G123 as his residence.

On September 10, 2019, I attempted contact with the defendant at the listed address. A woman came to the door who identified herself as the defendant's mother. She supplied a phone number to contact him. I called the defendant and he agreed to meet with me at his residence on September 11, 2019 at 7:15 am.

On September 11, 2019, I made contact with the defendant at his residence (509 E Magnolia Dr Apt G123). I positively identified him from the previous FL ID photo I viewed. I started the interview by showing him a picture of the subject who posted the advertisement. He denied knowing the subject. He admitted to knowing about "Skip the Games" and also that it was similar to Backpage. He denied ever meeting anyone from the site or texting anyone. He confirmed he had previously had a "textnow" account. He also advised he wouldn't be surprised if I had text communication between his "textnow" phone number and someone from "Skip the Games". I showed the defendant the text messages from him "textnow" account. He confirmed the phone number was his. The defendant advised he didn't remember the conversation because it was a year ago.

Based on the above facts, there is probable cause to charge the defendant, Deon'shaye Lilly, with one count of Solicitation for Prostitution (F.S. 796.07 4A1) due to requesting a quick visit and being told it would cost \$55 and agreeing to pay the \$55. The defendant was given a Notice to Appear as he met the requirements. The documents shown to the defendant during the interview were impounded as evidence. The interview was audio/ video recorded.

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The beginning of the conversation began with the defendant sending a text which read "Hey I'm at work right now what side of town you on can we meet later when I get off?"

defendant sent a text which read "Hey". The response back was "Are you affiliated with any type of law enforcement agencies".

On , the defendant again sent a text message which read "Hey beautiful". The response back was the same as before. He advised he wasn't He was asked how much he was trying to spend. He replied "I got \$50". He was also provided an address known to law enforcement. He was also asked if he was coming. He replied he didn't have a ride, but would be catching a cab. Ultimately, the defendant was told he could catch an Uber because it was cheaper. He also said he would be there in 30 minutes.

Utilizing law enforcement databases, it was determined the phone number was serviced by T-Mobile. A court order was sent to T-Mobile requesting call detail records and subscriber information for telephone number

The provided information identified the subscriber as Tevonronte Thompson who resided within Tallahassee, FL.

On September 9, 2019, I called telephone number and spoke to a male subject who identified themselves as Tevonronte Thompson (defendant). I requested the defendant come to the police department the next day for an interview. He agreed to meet me at the station at 10:00 am.

On September 10, 2019, the defendant failed to come to the station at the requested time. He agreed to instead meet me at the Public Library located at 2817 S Adams St. Around 11:44 am, the defendant arrived at the requested location. I identified him based on a previous FL ID photo I reviewed prior to meeting the defendant. I asked if the telephone number which I called him at was his and whether information sent to the telephone number would be confidential between him and I. He agreed it would. I showed the defendant a photo the subject known to law enforcement. He said he thought maybe his cousin might know her. He denied ever meeting her. I showed the defendant a copy of the original advertisement. He said he had never saw the site. He alleged his cousin was probably the one who would have contacted the subject and was allowed to use his phone.

The defendant confirmed he worked at Applebee's on Appalachee Parkway. He also alleged his cousin did also work there. As the conversation continued, I noted the inconsistencies with the defendant's answers, specifically regarding his timeline of when he worked at Applebee's along with when his cousin worked

there. While speaking with the defendant, he was visibly nervous as he was shaking and his breathing increased. Ultimately, the defendant admitted to being the person who sent the text communications described above. The interview was captured on my body worn camera.

Based on the above facts, the defendant, Tevonronte Thompson, was charged with one count of Solicitation for Prostitution (F.S. 796.07 4a1) for responding to a sexually explicit advertisement in which he advised he had \$50 to spend and then discussing how he would travel to the person's location. The defendant was given a Notice to Appear as he met the requirements. The documents shown to the defendant were impounded as evidence.

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. Communication between the known telephone and telephone number

The defendant started the text message thread by sending the text message "Hey". This was met with the response "WatZ gud" and "U get head and pussy". The defendant text back "Ok I will call you when I am ready". He also sent "I only have 20 what can I do". The defendant also asked "can you come to me?" He was asked how much time he wanted. He replied "70". He also sent "Let me know when you're available".

On , the defendant sent "Wyd (what you doing)". The reply read "Tryna make sum money". The defendant text back "How much you tryna make". The message back read "How much time do u want". The defendant replied "You know ion run off time". The message back asked for \$55. The defendant replied "Dam you went up in price". It should be noted a common tactic solicitors use when communicating about sexual acts in exchange for money is to refer to the payment exchange as money for time. The sexual act is a byproduct of the time spent between the solicitor and prostitute.

Utilizing law enforcement databases, it was determined was serviced by T-mobile. A court order was drafted, signed, and submitted to T-mobile requesting subscriber information. The information returned identified the subscriber as Sharod McBride (defendant). T-mobile also provided a Tallahassee, FL address for the defendant.

On September 11, 2019, I contacted the defendant by phone to request a phone interview. Initially, the subject identified themselves as Sharod McBride-Brewster (defendant). After speaking with the subject for a few minutes, he advised he was Jamal and would go find Sharod. 119.071(2)(e)

On September 11, 2019, I met the defendant in the parking lot in front of the police department. I requested him to come inside so the public wouldn't hear his business. He agreed and was escorted to interview room #2. I explained to the defendant he was free to go at anytime and he didn't have to speak with me. 119.071(2)(e)

During the course of an investigation of social media communications, communications by Marcus Anderson were recovered. In those communications Anderson solicited sex acts for money.

A social media account with the name of "Marcus Anderson" communicated with another social media account known to law enforcement. Those communications started

In the communications Anderson gave information that he was in Tallahassee, gave the phone number of Further Anderson stated he lived "Off Lake Bradford rd behind that school". Mr. Anderson's address was 1415 Victoria Street which is in the neighborhood off of Lake Bradford and behind Pineview Elementary School. Marcus Anderson's posted pictures matched his Florida driver's license for Marcus Garnvey Anderson, DOB: making him 27 years old at the time of the communications.

In those communications, were the following:

Anderson communicated, "I do \$50 but I'm want seconds n how good is your sex game".

Anderson communicated, "I I want to see you but only have 35"

Anderson asked if he paid \$65 could he "go 2 rounds".

On September 11, 2019 I made contact with Anderson by his cell phone number.

Mr. Anderson willingly met me in an open parking lot on FSU campus. I explained to Mr. Anderson he did not have to speak with me and was free to leave at any time.

Mr. Anderson identified his social media page of "Marcus Anderson". Anderson admitted the conversations regarding sex for money were him. Anderson further admitted the "go 2 rounds" meant two ejaculations.

I asked Anderson if he understood it was illegal to solicit sex from someone for money. Mr. Anderson acknowledged he knew it was illegal. I clarified for Mr. Anderson it was illegal to discuss sex for money, regardless of whether a meet took place or any money exchanged hands. I also explained to Anderson the crime of solicitation for prostitution was a second degree misdemeanor with a 1 year statute of limitations, therefore Anderson could only be charged for the incidents that occurred on or after Wilder was issued a notice to appear for one count of Solicitation for Prostitution. Anderson signed his Notice

2019-00139086

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The defendant started the text message thread by sending the text message "Are you available". This was met with the response "are you affiliated with any type of law enforcement agencies". The defendant than text "What it takes for 15 minutes". The defendant was supplied with a price of "70".

On , the defendant text "Can you do 40". The response back was "Fa head". Based on training and professional experience, I know this terminology to be referencing oral sex.

On , the defendant again text "Are you available". The response back was "Yes". The defendant text "What it takes for 15 minutes". A price of \$70 was provided. The defendant asked, "Can you do 50". This price was agreed upon and the defendant was asked if he wanted "in call or outcall". The defendant replied "Incall". Based on training and my professional expereicne, I know an out call refers to a prostitute traveling to the defendant's house, motel room, or other predetermined location, where an exchange of currency or other form of payment is exchanged for a sexual act while an in call refers to a solicitor traveling to the prostitutes location and exchanging a form of payment for a sexual act. After the defendant replied with "Incall", an address known to law enforcement was supplied. This address matches the location of a hotel known to be frequented by prostitutes and solicitors. Based on the text message conversation, it appears the defendant did in fact travel to this location. When he arrived he text "I'm here". There are also four missed phone calls from the defendant to the known telephone number. Finally, the defendant text "If you didn't want to see all you had to do just say so because I didn't waste your time".

Utilizing law enforcement databases, it was determined most likely belonged to Donnie Davis (defendant). In addition, the defendant, who has City of Tallahassee Utilities, provided this phone number as a primary contact number when he created his Utility account.

A court order was signed by a Leon County Judge and submitted to Sprint, the phone carrier for . The requested information confirmed the defendant was the current account holder.

On September 12, 2019, it was determined the defendant was a Florida Department of

Corrections Sworn Correctional Officer. I contacted Deputy Inspector General Ken Sumpter and provided information related to the case and requested an interview with the defendant. I was informed the defendant was currently working at Jefferson Correction Institution (Monticello, FL). A request for mutual aide was made to Inspector Webb (FLDOC Inspector General), who was stationed at Jefferson CI. He agreed to meet with me and provide access to the defendant.

FDLE Special Agent Erica Hindale-Morris and I traveled to Jefferson CI on the same date. I made contact with Inspector Webb who requested for the defendant come to his office. A short time later, a subject who I identified as Donnie Davis arrived. I identified him from his FL DL and his FL DOC identification card. Due to the interview taking place within the confined of a state correctional facility and the defendant not being allowed to leave due to being at work, I read him his Miranda Warnings from a department issued form. He advised he understood his rights, had not requested an attorney, and wished to speak with me. I also explained he could tell me he didn't want to talk at anytime during the interview and there wouldn't be any hard feelings. The defendant signed the form acknowledging his answers. This form was impounded as evidence.

I asked the defendant for his contact number, which he provided a phone number consistent with the one observed in the text message thread. He advised he has had this number for several years. He also confirmed he was the only one who uses this phone number. I showed the defendant a picture of the subject who posted the advertisement he responded to via text message. The defendant advised he didn't know the subject, nor had he met them. I next showed the defendant the advertisement. He denied having ever seen it. I also asked if knew what "Skip the games" was. He again denied having any knowledge of the website. I asked the defendant if he would be surprised if I had text message communication between his phone number and the person who posted the "Skip the games" advertisement. The defendant said this would surprise him as he hadn't sent any text messages. I showed the defendant the text messages. He again confirmed the number on the text message thread was his. As we continued to discuss the text message content, the defendant had a profound physiological response. The defendant became noticeably nervous as he was slightly shaking, began to belch, and his eyes began to water as if he was about to cry. I asked the defendant to explain the text messages. He advised he didn't send them and that he lost his cell phone. He further explained the cell phone was not password protected and someone else must have sent these messages. The defendant admitted the cell phone was never reported missing to the phone carrier.

Based on the defendant alleging his phone was missing during this time frame and someone else was responsible for sending the text messages, I pointed out that the text messages occurred over a several week period and that it was uncommon for someone not to immediately

replace their missing cell phone immediately. Upon this explanation, there was a long pause from the defendant. He then admitted he was the one who sent the text messages. The defendant still maintained he didn't communicate with any other subjects from the "Skip the Games" website.

Due to the above facts, there is probable cause to charge the defendant, Donnie Davis, with one count of Solicitation for Prostitution (F.S. 796.07 4A1) for requesting an in call of 15 minutes for \$50. Davis was provided a Notice to Appear as he met the requirements. The documents presented to Davis were impounded as evidence. It should be noted the interview was not audio/ video recorded with a body worn camera due to technical difficulties. Special Agent Hindale-Morris was present during the interview.

The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number

The beginning of the conversation began with the defendant sending a text which read "Hey u available". The response back was "Are you affiliated with any type of law enforcement agencies". The defendant advised he wasn't. The defendant was asked how much time he wanted. He replied "Quick visit". Based on my training and professional experience, I know that a "quick visit" refers to 15 minutes of time or less during which subjects exchange sexual activity for money. The defendant was told a quick visit would cost \$70.

On \_\_\_\_\_, the defendant text "U available today?" He again requested a quick visit. He provided his address, 2325 W Pensacola St, as where he wanted the subject to come. He also advised he \$50 to spend.

Utilizing law enforcement databases, it was determined telephone number \_\_\_\_\_ was serviced by Sprint. A court order was sent to Sprint requesting Call Detail Records and subscriber information. The information returned identified the subscriber as Jabari Scruggs.

On \_\_\_\_\_ A male subject answered the phone and confirmed they were Jabari Scruggs (defendant). I requested they come to the police department for an interview. He advised he wanted to discuss the situation with an attorney prior to speaking with me.

119.071(2)(e)

Based on the above facts, there is probable cause to charge the defendant, Jabari Scruggs, with two counts of Solicitation for Prostitution (F.S. 796.07 4A1) for requesting the price of a quick visit on two different dates in October 2018. Scruggs was issued a Notice to Appear as he met the requirements. The documents shown to

During the course of an investigation of social media communications, communications by Cornelius Wilder were recovered. In those communications Wilder solicited sex acts for money.

A social media account with the vanity name of \_\_\_\_\_ communicated with another social media messenger user known to law enforcement. Those communications started in \_\_\_\_\_ and continued, with the last attempted contact \_\_\_\_\_ In the conversations Wilder gave information that he was "27" years old, from Quincy, although he currently lived in Tallahassee, and gave a phone number of \_\_\_\_\_

On \_\_\_\_\_ Wilder messaged "I txted ur phone yesterday to see wat up but I don't kno if hav my # or not lol". There were a total of 69 contacts between the 863 number and a number known to law enforcement between \_\_\_\_\_ . The social media page for \_\_\_\_\_ had several pictures posted to include pictures of Wilder in a "Tallahassee Roofing" shirt with a camo colored wide brimmed hat on. The pictures posted on the site matched pictures for Wilder's Florida driver's license and the Leon County Criminal Justice Information System. Additionally, facts given during the conversations appeared to match Wilder himself, i.e. he was 28 not 27 years old and the phone number provided in the conversation was also given in law enforcement reports for Wilder. A search warrant was obtained and served for records regarding \_\_\_\_\_ The date of birth provided for the account holder was \_\_\_\_\_ which is Mr. Wilder's date of birth.

In those communications, were the following:

Wilder agreed to \$50 for "sum good pussy an sum head".

Wilder agreed to \$30 for "pussy".

Wilder messaged, "I want some pussy"

Wilder offered \$40 and stated he got off of work at 5:30 pm.

Wilder messaged that he was on his way after a shower and asked if they were "doin it at in the car".

Wilder offered \$30 for "pussy", and then changed it to \$25, because his ride wanted \$5 for gas. Wilder made it clear he wanted "pussy", not "head". There was a question regarding "crib or we fucking in the car", Wilder advised his choice was the car.

Wilder agreed to pay, without the amount named after "Can hav tha pussycat".

On September 15, 2019 I attempted contact with Corneilus Wilder at his listed home residence of 1630 Balkin Road Lot #66, a white BMW registered in his name was in the driveway. I left a card with the lady who answered the door and advised Wilder was at work and did not have a cell phone. I later received a phone call from Wilder, who agreed to meet with me on September 16, 2019 at approximately 5:30 pm after he was finished with work. We agreed to meet in the Publix parking lot of 5810 N. Monroe Street. Mutual aid was requested and granted for Investigator Paul Osborn and I to meet with Mr. Wilder. The interview with Mr. Wilder was recorded by body worn cameras. It should be noted the shirt and hat Mr. Wilder had on were the same he was wearing in several pictures posted on the Facebook page for

Mr. Wilder willingly met me in an open parking lot. I explained to Mr. Wilder he did not have to speak with me and was free to leave or stop speaking with me at any time.

Mr. Wilder identified his social media page, \_\_\_\_\_ and advised no one used his account but him. Wilder admitted the conversations regarding sex for money were him.

I asked Wilder if he understood it was illegal to solicit sex from someone for money. Wilder stated yes, but the female had "hit" him. I pointed out he made contact with the female several times, but again asked if he understood that soliciting sex for money was illegal. Wilder first said, "I know" then "you're telling me it is so I guess it is." I clarified for Wilder it was illegal to discuss sex for money, regardless of whether a meet took place or any money exchanged hands. I also explained to Wilder the crime of solicitation for prostitution was a second degree misdemeanor with a 1 year statute of limitations, therefore Wilder could only be charged for the incidents that occurred after September 16, 2019. Wilder was issued a notice to appear for three counts of Solicitation for Prostitution. Wilder signed his Notice to Appear, agreeing to appear on the date given, November 14, 2019 at 8:30 am in courtroom 2E. Wilder signed his Notice to Appear and provided his thumbprint.

2019-00142613

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number

During a review of the text messages, I found a message was sent by the suspect and read, "Good afternoon, Do you have incall available? Thank you so much." The suspect was provided with prices via a message reading, "qv60 hh120 hour180." This message indicated a quick visit was \$60.00, a half hour of time was \$120.00 and an hour of time was \$180.00. A quick visit is a length of time equal to, or less than, 15 minutes. The suspect asked how soon he could meet and asked if \$100.00 for a half hour would be considered.

The suspect was identified as Brian Winsett via a search of Accurant. This identification was corroborated through a subpoena to Tracfone.

Inv. Bascom and I met with Winsett at his residence on 09/19/2019. The residence is located at 3177 Whirl A Way Trail, which is outside the city limits of Tallahassee. Mutual Aid was granted by Lt. Snow with Leon County Sheriff's Office prior to the interview. 119.071(2)(e)

Winsett is not being charged with Solicitation for Prostitution for the above communication due to the fact the statute of limitations expired on this charge on 08/11/2019; therefore, this charge is being exceptionally cleared.

A search warrant was signed by Judge Miller for the phone seized from Winsett's person. The search

warrant was executed by Inv. Dilmore. Upon review of the text messages from the phone, I found the following communications:

- Winsett initiated contact with a telephone number by sending a message reading, "Good afternoon. What is donation for half hour in call? What part of Tallahassee are you in? Thank you so much. Brian" The individual responded they were at the La Quinta on N Monroe. Winsett asked for the "donation" needed for a half hour of time and was told "175."

- Winsett initiated contact and stated, "Good afternoon. What is donation for half hour in call and what part of Tallahassee area you in? Thank you. Brian." The individual indicated they were on Apalachee Parkway and requested Winsett's age and race. Winsett responded, "50 White" and was given prices off, "Qv 80 hh 120."

- Winsett initiated contact and stated, "Hello. What is donation for half hour in call? What part of Tallahassee are you in? Thank you so much. Brian." Winsett was given a price of \$140.00 and the individual stated they were "Off of Apalachee Parkway."

- Winsett initiated contact with this individual on 09/08/2019. The two discussed the other person traveling from Panama City Beach to Tallahassee for a meeting. During communications over multiple days, Winsett asked, "Wat is your normal donation for half hour in call? Hour call?" The other individual responded, "200 min and 250 hour no anal on that." Winsett responded, "Usually 140 is about the most I pay for a half hour visit. Thank you. Brian." The other individual ultimately arrived in Tallahassee and obtained a room at La Quinta or Baymont Inn. Winsett traveled to that location, apparently with the intent to carry out the desired sexual acts in return for money.

The above are not the totality of the communications observed on the phone related to inquires of sexual acts for money.

Based on the information obtained, I issued Winsett a Notice To appear for Thursday, November 21, 2019. I collected a thumb print from Winsett and took a photo using my department issued cell phone, which was uploaded to the Axon database.

CHARGES: Lewd/Lascivious Battery, Unlawful Use of a Two-Way Communications Device

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of an investigation into the domestic minor sex trafficking of a female child, who was recovered in Tallahassee, FL, it was determined a user with telephone number

The suspect initiated contact on [redacted] with a message reading, "QV outcall for 60?" Similar conversation was observed on multiple days, including [redacted]. On that date, the suspect again offered \$60.00 and told the child victim to "bring a condom." The suspect ultimately cancelled, stating he had someone else on the way.

During communication on [redacted], the suspect requested a photo. The child victim sent multiple images. In response, the suspect stated, "That your cum or someone else's lol." This indicates the child victim likely sent an image which investigators are familiar with. This image is a close photo of the child's vagina.

On [redacted], the suspect requested a quick visit for \$60.00. The suspect provided his address and the child victim later sent a message indicating she was outside.

Upon review of communications on [redacted] the suspect indicated he wanted to meet and agreed to pay \$60.00. A specific amount of time was not discussed.

During communications on [redacted], the suspect requested to pay \$50.00 to "hit it from the back" and asked, "Can I nut in you?"

On [redacted], the suspect asked, "Can u come over for a lil for 30?" The suspect also sent a message reading, "Remember me. You came in through the window and after we fucked u didn't get picked up for like an hour lol."

On [redacted], the suspect again stated he had 30 on "cash app" and stated, "I can't do missionary position it hurts my damn body."

On [redacted], the suspect sent a message reading, "Horny af. And I have two adderals and 10 dollars on me lol." The suspect offered to pay additional when he got paid the following Thursday.

On [redacted], the suspect sent a message offering to pay \$15.00 and marijuana in exchange for a meeting.

On the suspect sent messages offering money in exchange for a meeting.

The suspect was identified in this case as Dustin Claypool based on the telephone number used for the above communications. Inv. Bascom and I made contact with Claypool 09/18/2019 at his residence. I conducted a non-custodial interview with Claypool, which was recorded via our department issued body worn camera. 119.071(2)(e)

Based on the above detailed investigation, I issued Claypool a Notice to Appear for none counts of Solicitation for Prostitution with a court date of November 14, 2019. I collected a fingerprint from Claypool and took a photo of him using my department issued cell phone via the Axon application. This was done due to the high volume of solicitations.

This probable cause covers only the charges of Lewd/Lascivious Battery and Unlawful Use of a Two-Way Communications Device. Based on the above detailed investigation, it was determined Dustin Claypool, and adult male, engaged in sexual intercourse with the then Claypool used his cellular phone, a two-way communications device to facilitate this Lewd/Lascivious Battery.

The probable cause in this case was reviewed by ASA Bueno.

The following warrants were signed for Claypool's arrest:

2020CF1981A1, Lewd/Lascivious Battery, Bond: FAR

2020CF1981A2, Unlawful Use of a Two-Way Communications Device, Bond: \$5,000

Claypool was arrested on the above warrants on 08/05/2020.

This case is closed, cleared by arrest.

2019-00143059

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communication between the known telephone and telephone number [redacted] were observed between [redacted]. The defendant started the communication by sending a text reading "Your cute, what's the outcall running?" Based on my training and professional experience, I know an outcall refers to a solicitor wanting a prostitute to come to their location at which point a sex act occurs in exchange for payment. The defendant was asked if he was affiliated with law enforcement to which he replied, "Hell no!!". He was then asked how much time he wanted. He replied he wanted 30 minutes and that he was looking to spend \$120. This price was agreed upon in exchange for 30 minutes. The defendant provided an address of 1679 Summer Meadow PL Tallahassee, FL 32303.

Utilizing law enforcement databases, I determined the utility holder at 1679 Summer Meadow PL was a Phillip Buffkin (defendant). Not only was the defendant the utility holder at 1679 Summer Meadow PL, the listed telephone number was [redacted]. I also found several Tallahassee Police Department reports associated with the defendant which listed both the 1679 Summer Meadow PL address as his residence, but also had [redacted] as his phone number.

On September 11, 2019, I called [redacted]. A male subject answered the telephone and confirmed they were Phillip Buffkin. I requested they come to the Police Department for an interview. The defendant advised he was at work in Mariana, FL, but would be willing to meet with me the following morning at his residence. Prior to meeting with the defendant, I received a telephone call from attorney Tim Jansen who advised he was representing the defendant and he would not be providing a statement to law enforcement.

Based on the above facts, there is probable cause to charge Phillip Buffkin with one count of Solicitation for Prostitution (F.S. 796.07 4A1) for contacting the poster of a known sexually explicit advertisement and requesting an outcall of 30 minutes in exchange for \$120. On September 19, 2019, Buffkin reported to the Police Department where he was given a Notice to Appear as he met the requirements. All documents related to this case were impounded as evidence.

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number on . Upon review of the communication, I found contact was initiated by the suspect. The suspect inquired about availability and asked, "You like white guys?" The suspect asked for a half hour of time and later asked about "donations" for time. The suspect was provided with prices for a half hour of time. The suspect responded, "I tip good for great."

I found telephone number to be a Voice over IP (VoIP) telephone number issued through TextNow. I issued a subpoena to TextNow and identified the suspect as Jack Granger based on the user name on the account. I contacted Granger by phone on 09/23/2019 and he agreed to meet with me in the 2500 block of S Monroe St. Inv. Ray and I met with Granger, where I conducted a non-custodial interview. The interview was recorded on our department issued body worn cameras. During the interview, 119.071(2)(e)

Based on the interview, probable cause was established for one count of Solicitation for Prostitution. I issued Granger a Notice to Appear with an appearance date of 11/21/2019. DEFENDANT: William Shattuck  
CHARGES: Solicitation for Prostitution (3 counts)

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of a Tallahassee Police Department investigation, communications were recovered from a telephone number displayed on an advertisement on a website known to advertise for sexual services. The original advertisement was reviewed during the course of the investigation, and multiple sexual acts were advertised.

Communications between the known telephone number and telephone number I observed communications on . During communications on this date, the suspect initiated contact and after receiving a message reading, "Wasssssup," the suspect responded, "Hopefully me getting a nut in you soon." Upon being asked how much money he had, the suspect responded, "Enough or I wouldn't ask."

Upon review of communications on , the suspect agreed to pay \$20.00 for oral sex.

Upon review of communications on , the suspect sent a message stating he wanted to "hook up" and offered to pay \$40.00 for a "quicke."

The suspect in this case was identified as William Shattuck based on the telephone number used for the above communications. I made contact with Shattuck by phone on 09/30/2019 and he agreed to meet with me in the parking lot of the Hobbit Grill on Capital Cir. I conducted a non-custodial interview with Shattuck, which was recorded via my department issued body worn camera. During the interview, Shattuck identified the phone number as his own. Shattuck admitted to the above communications and stated he often masturbated when communicating with individuals from the specific site used for the advertisement in this case. Shattuck stated he had no intention of meeting.

Based on the above detailed investigation, I issued Shattuck a Notice to Appear for two counts of Solicitation for Prostitution with a court date of November 21, 2019. I collected a fingerprint from Shattuck and took a photo of him using my department issued cell phone via the Axon application.

It should be noted, there were additional communications observed, though the statute of limitations had expired on these communications prior to my contact with Shattuck; therefore, he will not be charged and these communications were not described above. Additionally, though Shattuck resides outside the city limits of Tallahassee, he communicated with a person within the city limits of Tallahassee.

During the course of an investigation into the domestic minor sex trafficking of a female child, who was recovered in Tallahassee, FL and was \_\_\_\_\_ a search warrant was obtained for the social media profile of the victim. The search warrant included private communications with other users. The victim in this case turned

Upon review of the communications between the child victim and others, communications with a user identified as Kenneth Monroe were found.

A review of the communication between the two revealed the following:

On \_\_\_\_\_ Monroe agreed to pay \$10 for sex and asked if he needed a "rubber"

On \_\_\_\_\_ Monroe messaged the victim and asked if he could come and see her. The victim asked Monroe to bring him "\$20", Monroe messaged, "U going to let me get some This time". Monroe later messaged, "Why I can't get it for free to night".

On \_\_\_\_\_ the victim asked, "And wea is my Christmas gift". Monroe responded, "That 40 I gave u lol but I got u after Christmas. Monroe then messaged the victim, "Can I come get some". The victim asked for money and they go back and forth and agree to "10". Monroe messaged, "Ok do I nut this time".

I was able to speak with Monroe on October 14, 2019. I explained to Monroe that he did not have to speak to me and was free to go. The interview was recorded with my body worn camera.

119.071(2)(e)

Based on the above investigation, it is believed Kenneth Monroe, who was 28 years of age at that time, had sex with the then \_\_\_\_\_ on at least one occasion. Monroe used a two-way communications device to facilitate the above listed Lewd/Lascivious felony offense. I am seeking a warrant for one count of Lewd/Lascivious Battery of a child under the age of 16 and one count of Unlawful Use of a Two-Way Communication Device.

\*Monroe was already issued a Notice to Appear for the Solicitation for Prostitution elements presented in the probable cause.

During the course of an investigation of social media communications, communications by Kenneth Monroe Jr. were recovered. In those communications Monroe solicited sex acts for money.

A social media account with the vanity name of "Kenneth Monroe" communicated with another social media user known to law enforcement. Those communications started \_\_\_\_\_ and continued to \_\_\_\_\_

\_\_\_\_\_ There were a number of pictures posted on the site of Monroe. The pictures posted on the social media site matched pictures for Monroe's Florida driver's license and the Leon County Criminal Justice Information System.

In those communications in December, were the following:

Monroe asks if the other party has a "rubber" and agrees to pay \$35.

Monroe asked to "get some" and agreed to pay \$10 to "nut".

On October 14, 2019 I attempted contact with Kenneth Monroe at his listed home residence of 1010 Basin Street. I spoke with a female who said Monroe did not live there, but she had seen him. I left my number in case she saw him again. Shortly after that Monroe called my City of Tallahassee cell phone and agreed to speak with me.

119.071(2)(e)

Monroe was issued a notice to appear for one count of Solicitation for Prostitution. Monroe signed his Notice to Appear, agreeing to appear on the date given, December 5, 2019 at 8:30 am in courtroom 2E. Monroe signed his Notice to Appear and provided his thumbprint.

FIELD CASE REPORT

CASE#

2019-00158168

On October 15, 2019, Inv. Osborn and I went to 435 N Macomb St (Renaissance Building) to interview Tyrone Crawford in reference to a solicitation for prostitution case. A search warrant had also been obtained to seize and search any electronic devices kept on his person. After serving the search warrant, Crawford, who was positively identified via his FL Driver's License, was informed of his Miranda Rights. Crawford advised he understood these rights, did not wish to have a lawyer present, and desired to continue to speak with Inv. Osborn and me.

119.071(2)(e)

On or about October 18, 2019, Inv. M. Rodriguez performed a search of Crawford's impounded cell phone. The data obtained during this search was impounded as evidence. I have performed an analysis of this data which provided evidence of Crawford soliciting numerous women for prostitution. This evidence consisted of several text messages between Crawford and unknown subjects who have been linked to known advertisements for prostitutions. In addition, there were several sexually explicit pictures of a subject known to law enforcement who partakes in prostitution type activities.

The following are text message conversations and the corresponding dates which support charging Crawford with 18 counts of Solicitation for Prostitution (F.S. 796.07 4A1).

On \_\_\_\_\_, Crawford text a telephone number known to law enforcement asking where the subject was located. The response was "Tallahassee". Crawford asked the subject what a quick visit cost. Based on my training and professional experience, I know a quick visit or "qv" is a period of time equal to or less than 15 minutes during which a sex act is performed in exchange for payment. Crawford was provided a price of \$60. He also requested the "Girl Friend Experience". This is a common term used on "escort" type websites when advertising different sex acts available for purchase.

On \_\_\_\_\_, Crawford text a telephone number known to law enforcement asking the subject

where they were located. They provided an address within the city limits of Tallahassee, FL. Crawford was asked how much time he needed. He advised "15" and was provided a price of \$60. It should be noted that a conversation with the same telephone number on a different date was observed during which Crawford text he wanted a "quick visit". Crawford was again provided the same location within the city limits of Tallahassee, FL.

On \_\_\_\_\_, Crawford received a text from a number known to law enforcement which read "Link up?" His response was "sure". He was provided prices of \$80, \$120, \$180. Based on my training and professional experience, I know these prices equal a quick visit, half hour, and hour of time during which a sex act will be performed in exchange for the listed price. Crawford responded with "3sum? Or we can just do 80" The response back read "3sum for 200".

On \_\_\_\_\_, Crawford text another number known to law enforcement "So how much". He received a price of \$80. Crawford requested to have sex with "each of them" and was provided a price of \$90 each. In addition, earlier in the conversation Crawford requested to have sex with the individual without a condom and stated he had previously had sex with her during their last encounter without one. It should be noted that some of this conversation thread occurred during Crawford's work day during which he was in Tallahassee, FL. In addition, the advertisement located associated with this telephone number shows a location of Tallahassee, FL.

On \_\_\_\_\_, Crawford received a text from a number known to law enforcement. The body of the text contained a location within Tallahassee, FL known as a hotspot for prostitution. The next text message read "60 okay". The response was "I'll do 80". Several days later, Crawford asked the subject if she was a "GFE (girl friend experience) provider". He also requested the price of a quick visit and was provided the price of \$80. In addition, he was given the price of \$100 for oral sex without a condom on.

During \_\_\_\_\_, Crawford continuously text a number known to law enforcement. At several times Crawford solicits the subject for sex in exchange for money. Specifically, Crawford request 15 minutes of time and is provided a price of \$80. The subject also text "Hollifield Same as last time". Hollifield a street name for the apartments located at 2525 Texas St. Crawford also text "Where did we play? I'm trying to remember." He received a text back which read 'Lil Park Thingy On Ridge Rd."

On \_\_\_\_\_, Crawford received a text from a number known to law enforcement asking him how much time he wanted. He replied 15 minutes and received a price \$80. It should be noted that Crawford had already discussed having a threesome with this same subject. The subject also text Crawford they were in Tallahassee, FL.

On \_\_\_\_\_, Crawford received a text from a number known to law enforcement which read "Did you want a qv or hh". Again qv is a quick visit and is equal to 15 minutes of time or less. Hh is a half an hour of time. During both a sex act is performed in exchange for payment.

On \_\_\_\_\_, Crawford received a text which read "Qv. But i deleted our text since i didn't here back". The text back read "qv is 80". Crawford also requested "BBBJ" or oral sex without wearing a condom. Crawford was provided a price of \$150. Crawford also sent a text which read "Bare for head and kitty kat right?" On September 30, 2019, Crawford continued the text message thread by texting the subject asking where they were. He received a response back of "Parkway". It is believed this location was Apalachachee Parkway. Crawford responded "Milk my dick again", "80?", and "Like the first time?" The response back was "It's 100 lovey". Crawford also solicited a threesome by sending the text "Or how about a 3play? 100 you and 80 her?" The subject sent an address known to law enforcement located within Tallahassee, FL.

On \_\_\_\_\_, Crawford sent a text which read "You got a spot? 3play?" and "How much you need". Crawford received a price of \$60. Crawford also asked via text "Do we need a rubber". Crawford also received a location known to law enforcement within Tallahassee, FL.

On \_\_\_\_\_, Crawford sent a text to a number known to law enforcement which read "3sum or just us". The subject responded with "Uhhh im trying to (see) where she at now but she is a big girl". Crawford's response is "No big girls". Crawford received a price of \$80. There was also another text message which read "I'll even take 60 but 80 is great". He was also provided a hotel within Tallahassee, FL.

On \_\_\_\_\_, Crawford received a text from a number known to law enforcement which read "Car date". A car date refers to a solicitor and a prostitute meeting within the confines of a vehicle during which time a sex act is performed in exchange for money. Crawford text back asking "how much". He was provided a price of \$60. He was also told to come to a location known to law enforcement within Tallahassee, FL.

On \_\_\_\_\_ Crawford received a text from a number known to law enforcement which read "In or out call". An in call refers to the solicitor coming to the prostitute's location. An out call refers to the solicitor going to the prostitute's location. During both, a sex act is performed for payment. Crawford was also provided prices of \$100 for half an hour and \$180 for an hour. Crawford text back "hh (half an hour) is fine". He was then provided an address known to law enforcement within Tallahassee, FL.

Crawford was provided an address known to law enforcement within Tallahassee, FL and a price of \$70. In addition, the subject sent a text to Crawford which read "so 140 forbpoth". On October 14, 2019, Crawford again asked the same subject via text "How much for a q.v. (quick visit)". He received a price of \$70 and the same location as before was provided.

On \_\_\_\_\_ Crawford sent a text to a number known to law enforcement which read "How much for a q.v. (quick visit)". He received a price of \$70 and was told to bring condoms. He also told the subject he had arrived and was in a white truck. On October 15, 2019, Crawford sent texts which read "How much", "I don't have rubbers". He received prices of \$50-\$60. He asked, "Head too?" It should be noted that on both October 9, 2019 and October 15, 2019, Crawford was working within Tallahassee, FL when he sent these text messages.

Due to Crawford meeting the requirements, he received a Notice to Appear for 18 counts of solicitation for prostitution on October 23, 2019. Present when the NTA was given was Crawford's attorney Don Pomphrey. The interaction was recorded on body worn camera.

CASE#

2019-00169667

During a Tallahassee Police Department investigation for the commercial human sex trafficking of a minor, TextNow (a VOIP service) records were obtained through an approved and duly authorized search warrant. A VOIP, voice over IP, is a service which utilizes the internet instead of traditional cellular service to send and receive text and voice calls. Those records were then reviewed for evidence. In the process additional subjects of concern were identified. The search warrant covered records

the date of the service of the search warrant. In those records were communications between the then and Enrique Bush, Jr (suspect).

A review of the communications revealed communications between the child victim's known telephone number and the suspect's telephone number . These communications occurred between . In these communications were specific questions and statements which indicate the suspect was soliciting the child victim for prostitution activity. During the communications, the child victim asked if the suspect wanted to meet at a known apartment complex. The suspect was provided a price of \$65; though no specific sex act is discussed in the communications. Based on the communications, it appears the child victim and suspect met. This is because the suspect described his vehicle and the child victim told him where to park.

Utilizing law enforcement resources, it was determined telephone number was a VOIP telephone number serviced by TextMe. A subpoena was issued to TextMe requesting subscriber information. The provided information provided an . A search warrant was next issued to Apple, Inc, the owner of the email domain me.com. The returned information identified the user as Enrique Bush. A Tallahassee address was also provided.

Numerous contacts were attempted at various addresses throughout Tallahassee. Further research revealed the suspect had joined the Army while this investigation was being conducted. With the assistance of Army CID, an interview with the suspect was garnered when he came back to Tallahassee to assist with recruiting. On November 4, 2019, Inv. Osborn and I made contact with the suspect at the Army Recruiting office located at 2020 W Pensacola St. During the interview, I showed the suspect a picture of the child victim. Upon showing him the picture, the suspect immediately advised he wanted to speak with a lawyer.

Several days after speaking with the suspect, Attorney Josh Zellman called, advising he was representing the suspect. He also advised it was in his client's best interest that he not provide a statement.

Due to the suspect not wanting to provide a statement, there is no further viable investigative leads. This report will be labeled CID- Open/ Inactive.

DEFENDANT: Royelmetrius Linder  
CHARGES: Solicitation for Prostitution

### SUMMARY OF OFFENSES AND PROBABLE CAUSE AFFIDAVIT:

During the course of an investigation of social media communications, communications by Royelmetrius Linder were recovered. In those communications, Linder solicited sex acts for money.

A social media account with the name of \_\_\_\_\_ communicated with another social media account known to law enforcement. During communications on \_\_\_\_\_, Linder stated he was in need of "affection" and asked what all he needed to have. Linder indicated he was possibly looking for both "head and pussy" which are slang terms for the receipt of oral sex and penile/vaginal intercourse. Discussion followed about Linder paying \$50.00, or \$35.00, for the sexual acts. Linder stated a short time later, "If I didn't have anything to do in the morning I would have came and gave you a little action."

On 11/07/2019, FDLE Agent Hindle-Morris and I made contact with Linder at his residence located at 2628 Saxon St. I conducted a non-custodial interview with Linder on the front porch of his residence. This interview was recorded via my department issued body worn camera. 119.071(2)(e)

Based on the above detailed investigation, it was determined Royelmetrius Linder discussed the payment of money in exchange for sexual acts. I issued him a Notice to Appear for Thursday, January 2, 2020. Linder agreed to sign, and accept, the Notice to Appear. I collected fingerprint on the Notice to Appear.

FIELD CASE REPORT

CASE#

2019-00185136

During the course of an investigation of social media communications, communications by Bryan Jordan (defendant) were recovered. In those communications the defendant solicited sex acts in exchange for money.

A social media account with the name \_\_\_\_\_ communicated with another social media account known to law enforcement. During the communications, the defendant solicited sex for money numerous times. Specifically, on \_\_\_\_\_, the defendant wrote "U tell me it dont matter shit". He was asked whether he wanted "head, pussy, or both". The defendant replied "pussy". He was provided a price of \$45. His response back was "Shit I got 30". He also asked whether the subject had condoms.

The defendant in this case was identified as Bryan Gerard Jordan., a then 30-year-old male based on the content of his social media page. A search warrant was obtained for the social media account \_\_\_\_\_. The date of birth associated with the social media account was \_\_\_\_\_. I reviewed pictures found on the Facebook account "Gerard Jordan" and both the JIS booking picture and the FL ID picture for the defendant and determined they were one in the same.

On December 4, 2019, I attempted contact with the defendant at his residence. He was not home; however, I was able to reach him via phone. He agreed to meet me at the Pure Gas Station near Lake Bradford Rd and Hutchinson St. It should be noted the interview with the defendant was only audio recorded as the battery for my body worn camera was dead. 119.071(2)(e)

Based on the above facts, there is probable cause to charge Bryan Jordan (defendant) with one count of Solicitation for Prostitution (F.S. 796.07 4a1) for requesting to have sex with someone in exchange for \$45. He was provided a Notice to Appear as he met the requirements.

FIELD CASE REPORT

CASE#

2019-00186382

During the course of an investigation of social media communications, communications by Freddie Bagley (defendant) were recovered. In those communications the defendant solicited sex acts in exchange for money.

A social media account with the name \_\_\_\_\_ communicated with another social media account known to law enforcement. During the communications, the defendant solicited sex for money numerous times. Specifically, on \_\_\_\_\_, the defendant utilized social media messaging to send "I got 80 to fuck u good n get my dick suck". The defendant received a "thumbs up" sticker in response. He later write "U don't get the money til we done u aint bout to get me like last time". \_\_\_\_\_ the defendant again sent a message soliciting for sex. The message read "I might come n the morning but im fucking n getting sucked up first". The response back was "Na". The defendant replied with "U aint gettin no money from me til we done shit idc".

The suspect in this case was identified as Freddie Lee Bagley, Jr., a then 20-year-old male based on the content of his social media page. A search warrant was obtained for the social media account \_\_\_\_\_

It should be noted that sometime after the initial conversation, the defendant changed his vanity name to \_\_\_\_\_. The defendant also provided a telephone number of \_\_\_\_\_ in the conversation. This telephone number was listed a verified cellphone number through the information obtained from the search warrant. In addition, an analysis of the content was done. This provided a conversation between the defendant and another subject during which he identified himself as Freddie Bagley. I reviewed both pictures found on the social media account and the FL ID picture for the defendant and determined they were one in the same.

On December 6, 2018, Inv. Wagner and I went to 2686 Vista Rise Apt C where we located the defendant outside the apartment. We followed the defendant into his apartment where we could have a private conversation. The defendant provided his date of birth and the last four of his social to confirm his identity. I explained to the defendant he didn't have to talk with me, and I would leave at any time. During the ensuing interview the defendant acknowledged his Facebook account was "Jungo King". He also admitted to previously communicating with girls in reference to exchanging sex acts for money. The defendant also admitted to traveling to a known address in an effort to facilitate what was discussed in the messages. The defendant acknowledged this type of conversation was illegal.

Based on the above facts, there is probable cause to charge Freddie Bagley, Jr (defendant) with one count of Solicitation for Prostitution (F.S. 796.07 4a1) for requesting to have sex with someone in exchange for \$80. He was provided a Notice to Appear as he met the requirements. The interview with the defendant was audio/ video recorded with my department issued Body Worn Camera.
