## LightTower

# Light Tower AL4000

## Features

- Full sized, 30 ft (9.1 m) extended height floodlight tower illuminates 7-1/2 acres.
- Galvanized tower is 360° rotatable for easy aiming from the ground.
- Winch handle ergonomically positioned for easy raising and lowering. Winch drum is inside cabinet. Electric winch available.
- Light fixtures mount securely on mast for travel or can be left on crossarm.
- Pallet pockets and lifting eye make unit easier to load and unload.
- Plug-in ballasts are installed in galvanized steel boxes.
- Light fixtures plug into weatherproof receptacle box with UL and CSA approved connectors.
- Retractable power cord automatically recoils into protective sleeve to prevent damage when raising, lowering and moving tower.
- Control panel located inside cabinet, protected from the elements.
