I. PURPOSE OF THE BASKETBALL PROGRAM

We believe that through good leadership our program will ensure successful experiences for all participants. It should encompass all of the benefits listed below:

1. Participation should develop and keep a healthy mind in a healthy body. Certain physical results are considered desirable and can be attained, subject to the differences in individual ability. These are: speed, strength, endurance, coordination, flexibility and agility.
2. Self-reliance and emotional stability can be developed through athletics.
 - A. Making decisions and accepting responsibilities.
 - B. Developing and exercising leadership.
3. Social growth is enhanced by athletics.
 - A. Appreciating what other people are really like.
 - B. Learning to get along with people - a living laboratory of democracy in action.
 - C. Learning to cooperate—"Team Work".
 - D. Learning to compete— self-discipline, emotional balance.
 - E. Making new friends.
 - F. Learning respect for rights of others.
4. Sportsmanship is an immediate and long-range goal.
 - A. Being responsible to law (rules) and order.
 - B. Observing fairness and custom.
 - C. Treating others with consideration.
 - D. Recognizing and applauding fine play and sportsmanlike acts of opponents.
5. There are other goals and values:
 - A. To develop initiative, willingness to try new things
 - B. To encourage intelligent use of leisure.
 - C. To have a fun and satisfying experience.
 - D. To participate in a wide variety of activities.
 - E. To obtain recognition, respect in the community.
 - F. To promote mental alertness.

Together, these will help make our children become better all-around citizens.

II. BILL OF RIGHTS FOR YOUNG ATHLETES

1. Right of the opportunity to participate in sports regardless of ability level.
2. Right to participate at a level that is compatible with each child's developmental level.
3. Right to have qualified adult leadership.
4. Right to participate in safe and healthy environments.
5. Right of each child to share in the leadership and decision making of the sport in which he/she is participating.
6. Right to play as a child and not as an adult.
7. Right to proper preparation for participation in the sport.
8. Right to an equal opportunity to strive for success.
9. Right to be treated with dignity by all involved.
10. Right to have fun through sport.¹

III. ROLE OF THE VOLUNTEER COACH

The Tallahassee Parks, Recreation and Neighborhood Affairs (PRNA) would like to thank you for accepting the responsibility of coaching one of our youth football teams. No program can be a success without good leadership.

The hours will be long and you are serving without pay, but your job is most important. You will be building the moral fiber, mental health, and physical strength of young boys and girls who will be the citizens of tomorrow.

These athletes are at a most impressionable age and the training you give them, good or bad, will have a lasting effect on their young lives.

For some, playing on your team may be their only contact with organized sports. We know you will want them to remember it as a pleasurable and meaningful experience.

Without your help, this program would not be possible. For the players, parents, and the Tallahassee PRNA, THANKS!

IV. RESPONSIBILITIES OF THE VOLUNTEER COACH

Background Check

All head coaches and primary assistant coaches must complete a National Background Screening Consent/Release Form. Coaches must be cleared before coaching any Tallahassee PRNA program, this includes practices. Any team assistants or team parents are encouraged to complete a Tallahassee PRNA Volunteer Information Sheet.

Parents Meeting

All coaches must have a preseason meeting with team parents to discuss the purpose and scope of the program, code of conduct, rules and regulations, and other necessary information.

Player Supervision

In order to insure the safety of all players, Tallahassee PRNA is asking each coach to stay with their players after practices and games until all players have been picked up. If the same parent(s) are consistently late, please let your park supervisor know. The park supervisor will talk to the parent(s) regarding the issue. If the issue continues, a player may be dismissed from the league. Under no circumstance shall a coach leave a player unattended.

Parent/Spectator Control

A team is responsible for its parents and spectators. Officials may penalize a team for the behavior of its parents and spectators. Please read through the Code of Conduct and the definition and penalty for unsportsmanlike conduct.

Reporting Injuries

During games, park supervisors are responsible for filling out the Accident Report Form for any injury that requires medical attention, or for any injury that may potentially require medical attention. During warm-ups or practices, coaches are responsible for filling out the Accident Report Form. A copy of the report should be turned into Tallahassee PRNA within 24 hours.

V. CODE OF CONDUCT

Tallahassee PRNA directs many youth athletic recreational programs. We are committed to creating opportunities and experiences that will foster the development of positive moral and ethical values, and we strive to promote good sportsmanship among all participants. As a volunteer coach, I hereby pledge to live up to the following code of conduct:

1. I will abstain from using any tobacco or alcohol products in or around the playing field, or the sports complex in which the field is located. I will also refrain from participating in any practice or game activity when it is apparent that I have consumed alcohol prior to arriving. ____ Initials
2. I will refrain from using abusive or profane language in or around the playing field or the sports complex in which the field is located. ____ Initials
3. I will refrain from permitting a player to participate in a practice or game when in doubt as to the player's health or physical condition, and I will abide by a doctor's decision in all matters relating to a player's health or physical condition. ____ Initials
4. I will provide equal opportunities for all players regardless of race, color, ethnicity, religion, age, or otherwise qualified characteristic. ____ Initials
5. I will refrain from accepting any gift, gratuity, or favor that might influence my judgment. I will refrain from offering any gift, gratuity, or favor with the intent of obtaining special privileges, and will not exploit any relationship with a player for personal gain or other advantage. ____ Initials
6. I will strive to promote good mental and physical health in all aspects of participation and refrain from any type of verbal or physical abuse of any players. I will make any criticism "constructive" in nature and reserve it for private moments. ____ Initials
7. I will consistently display and demand good sportsmanship in practice and in games, including but not limited to accepting decisions of the officials in a professional manner; refraining from criticizing opposing coaches, players, and spectators; refraining from "running up the score" and congratulating opposing teams following a game. ____ Initials
8. I will conduct myself in accordance with all rules, regulations, and determinations of the particular league or program in which I am volunteering. ____ Initials
9. I will hold a pre-season parents' meeting, and maintain open communication with parents relating to all aspects of participation, including conduct of both spectators and players. ____ Initials
10. I will consistently act in the best interest of all players and the particular program in which I am volunteering, so as to provide a positive experience for all players and to promote a positive image of the program. ____ Initials

Date

VI. EMERGENCY PROCEDURES

We want to emphasize the importance of conducting yourselves properly in dealing with medical emergencies at your facilities. Realizing we are not empowered or trained to "treat" victims, we still have the responsibility to render front line aid and supervise the situation. This may involve discussing the situation with the victim, coach, or parent, or to call in the Ambulance Service. Listed below are some guidelines to follow, which should always be coupled with good common sense.

In the event of an accident or emergency:

1. Try to determine the extent of the injury. If in doubt as to the seriousness of the accident, do not move the patient. Keep him comfortable and reassured and call an ambulance. If the situation calls for it, apply ice or keep the patient warm and comfortable.
2. Front line care of an accident would include use of ice, stoppage of bleeding, restoring breathing, and treatment for shock, heat exhaustion or stroke.
3. Be sure victim is as comfortable as possible. If it's cold, cover them. If it's hot, loosen equipment, etc. **USE GOOD COMMON SENSE!**
4. Call for additional support. Use other adults to secure necessary materials and never leave the patient alone with other players.
5. If an ambulance is called, be sure you have someone to direct it to the site. Assist paramedics in any way you can.
6. Always prepare an accident report that will be turned in to the supervisor who will then get the information to the Parks and Recreation Dept.
7. Be sure you have access to a phone within a short period of time.
8. Submit a follow up report of the injured person. Call to find out the extent of the injury and how he is doing.

Above all, supervisors and coaches are to take charge during these incidents and must coordinate aid rendered.

Please advise all your coaches of the importance of being sure all aspects of an accident are handled properly and expeditiously.

VII. MEDICAL ISSUES/CARE

Heat Related Emergencies

Heat related emergencies usually result from loss of fluids and electrolytes (salts) from heavy sweating. As a person continues to lose fluids through sweat, the blood volume is decreased. Blood flow to the skin increases, reducing blood flow to the vital organs. The circulatory system is affected; therefore the person goes into mild shock. If treated immediately, heat cramps and heat exhaustion can usually be reversed with prompt care.

Heat Cramps – Loss of fluids and electrolytes can begin to produce painful spasms of skeletal muscles, generally in the legs and abdomen. Skin is moist. Body temperature is usually normal.

Treatment – Have person drink cool water and rest in a cool place.

Heat Exhaustion – Cool, moist, pale, clammy or ashen, headache, nausea, dizziness, weakness, exhaustion.

Treatment – Have person drink cool water and rest in a cool place.

Heat Stroke – Red, hot, dry. Body temperature continues to climb. Person may vomit and begin to show changes in level of consciousness. Sweating may stop because body fluid levels are low. When sweating stops, the body cannot cool itself effectively and body temperature rapidly rises. Soon the brain and other vital organs, such as the heart and kidneys begin to fail. Convulsions, coma and death will result.

Treatment for Heat Stroke

- ❖ Check ABC's
- ❖ Call 911
- ❖ Remove person from the hot environment.
- ❖ Have the person lie down in a cool or shady area. Elevate the legs slightly.
- ❖ Loosen or remove clothing
- ❖ Apply cool, wet towels or sheets or cold packs to the body.
- ❖ Fan the person to help increase evaporation.
- ❖ If you only have ice or cold packs, place them on the person's wrists and ankles, in each armpit, and in the groin to cool the large blood vessels.
- ❖ Give small amounts of water to a fully conscious person.
- ❖ Do not apply rubbing (isopropyl) alcohol. The alcohol may cause poisoning through the skin or through inhalation.
- ❖ Monitor vital signs.

Concussions

After recent discussion of concussions, our program has adopted recommendations each coach will follow for the season. The following guidelines were established by the CDC.

1. Every coach will receive "A Fact Sheet for Coaches" provided by the CDC at the beginning of the season at a coaches meeting. We will also explain signs and symptoms a coach will look for at the coaches meeting.
2. Every coach will also receive a couple copies of "A Fact Sheet for Parents" that will be distributed to a parent of a child that shows signs and symptoms of a concussion.
3. Review the four steps in an action plan with each coach if they suspect a child has a concussion:
 - a. Remove athlete from play.
 - b. Ensure that the athlete is evaluated by an appropriate health care professional. Do not try to judge the seriousness of the injury yourself.
 - c. Inform the athlete's parents or guardians about the possible concussion and give them the fact sheet on concussion.
 - d. Keep the athlete out of play the day of the injury and until an appropriate health care professional says they are symptom-free and it OK to return to play. A player must bring a written clearance to the main office before the player can start back playing. League supervisor will notify the coach when a player is cleared to play.

VIII. PREVENTING PROBLEMS

Develop Policies and Procedures: *Clearly defined organizational policies and procedures help clarify the rights and responsibilities of parents and how they should behave within the confines of the youth sports environment. Without boundaries and guidelines for behavior it is difficult to hold individuals accountable for their actions later. Often, parents are out of control because no one has ever told them they are not supposed to be out of control!*

Communication: Communication is the key to so many things a youth sports administrator is responsible for and dealing with parents is no exception! Policies and procedures will have no effect unless all involved, including the parents, are made aware of them and understand them. This is where communicating with the parents is vital. Parents must be acknowledged for the important role they play. There are several opportunities for the administrator to communicate with parents effectively: Registration, orientation and parent meetings.

Registration: Provide parents with important information in the following areas following, or during registration:

- Organizational philosophy and goals
- Season schedule
- Maps to fields or other facilities
- Policies and Procedures Manual
- Safety information about equipment
- Information about areas for parent involvement
- Details about the orientation meeting
- Parents' Code of Ethics
- The coaching approach and philosophy to be employed
- Team goals

Orientation Meeting: A parents' orientation meeting is a vital tool in developing a positive youth sports experience for children. Orientation meetings can be held on a league wide basis, on an individual basis with each coach meeting his/her team's parents, or both. The orientation meeting allows parents to raise questions and concerns while coaches and administrators are both present. It also allows the coach to get to know the parents he/she will be dealing with during the season. A healthy two-way communication process should be encouraged and initiated at the orientation meeting. Time should be left at the end of the meeting for questions from parents.

Topics to be discussed at this meeting should include:

- Structure of the league – who should parents contact with concerns or questions.
- Philosophy of the league – equal play, skill development, FUN, etc.
- Program specifics – rules, location, times, etc.
- Season specifics – duration, special events, etc.
- Equipment specifics – what is needed, what is optional, etc.
- Transportation guidelines
- Health & safety guidelines – inclement weather policies, etc.
- How parents can get involved
- The rights & responsibilities of the youth sports parent
- Parent's Code of Ethics

Get to Know the Parents Informally: The administrators and coaches of each team should make a point of getting to know the parents of the children. The coach should be aware that all families are different and the motives for children being involved in sports will vary. It may be useful for the coach to have the parents complete a simple questionnaire, asking them specifically what they want their child to get out of the youth sports experience. This questionnaire can be completed at the time of registration and then given to each coach.

By informing each parent of the organizational philosophy many problems may be prevented in the future. Also, if the parents feel comfortable, it is more likely that youth sports administrators will have an open, constructive relationship with them. Coaches may make the effort to contact each of his/her players' parents on an individual basis or simply spend time talking to each parent at the orientation meeting. What is important is that during and after practices and games the coaches and administrators acknowledge the parents as a valued part of the youth sports experience. If ignored or shown any disrespect, parents feel less secure and are less likely to be supportive.

IX. GENERAL INFORMATION

1. League

To make a league, each facility and age group must have at least four (4) teams. Less than four (4) teams will necessitate combining facilities and possibly playing at a central location or alternate locations.

2. Number of Players per Team

Each team will ideally have a maximum of ten (10) players.

3. Number of Coaches per Team

Each team will have two (2) coaches, a Head Coach and a Primary Assistant Coach, if possible.

4. Player Eligibility

JUNIOR: 9 – 10 years of age

INTERMEDIATE: 11 – 13 years of age

SENIOR: 14 – 17 years of age

September 1 of the current year is the age determining date for all leagues. However, any 8-year-old turning 9 years of age on or before December 31st is eligible to participate in the youth basketball program. In addition, a child may always play up one age division, but may not play down.

5. Proof of Age

Tallahassee PRNA reserves the right to request proof of age at any time. Proof may be a birth certificate or school records, if signed by a school official. If proof of age is requested, a player will not be allowed to participate until proper records have been submitted to the program supervisor.

6. Team Pictures/Trophies

Tallahassee PRNA cannot endorse or take responsibility for team activities beyond what is established as standard procedure in conducting this program. For parents choosing to participate in activities such as photography sessions, etc., these activities are based on personal choice and the parent is ultimately responsible. If parents choose to undertake additional activities, asking for mandatory donations from team members is prohibited. All donations must be voluntary and cannot affect a participant's rights to any benefits afforded to other participants.

7. Post-Season Tournament

There will be single elimination tournament at the end of the season. Please see rule below regarding tournament eligibility.

8. Eligibility for Tournaments

A player must play in at least eight (8) regular season games to be eligible for the tournament.

X. UNIFORMS AND EQUIPMENT

1. Shirts

Each player will be furnished with a team jersey. Team jerseys must be visibly worn during games, and may not be altered in any way. The head coach and primary assistant coach will be furnished with a team jersey as well. Jerseys must be tucked into the shorts.

2. Shorts (No pants allowed)

Shorts **CANNOT** have pockets or belt loops. This is a safety rule. Players wearing shorts with pockets or belt loops will not be allowed to play. Turning shorts inside out or duck taping the pockets closed is not allowed. Shorts of any color may be worn during practices and games. A player's shorts may not be worn in a manner that exposes any type of undergarment or skin. In addition, the top of the shorts may not be worn low on the hips.

3. Shoes

Players must wear sneakers or gym shoes at all times.

4. Additional Uniforms/Equipment

Uniform items or equipment, in addition to what the city provides and requires, is optional. Coaches should not ask/require players or parents to purchase additional uniform or equipment items.

XI. RULES & REGULATIONS

The following are specific rules and regulations of the Tallahassee PRNA Youth Basketball Program. The Official National Federation of State High Schools, current rule book, governs all other official rules of this program. Any situations requiring rule interpretations and other occurrences not specifically covered in the manual will be ruled on by the gym supervisor at that time.

1. Game Length

Each quarter will be a eight (8) minute running quarter except for the last two (2) minutes of each half (2nd and 4th quarters). The running clock will stop for the following reasons: all fouls in which free throws are administered (the clock will stop when the players are lined up for the free throw), timeouts and all official timeouts.

2. Timeouts

Each team will receive five (5) timeouts per game, each lasting one (1) minute. Timeouts may be taken at any point during the game.

3. Injury Timeouts

In the event of an injury, an official may call an injury timeout. The injured player must come out of the game until the next dead ball.

4. Overtime

There will be one (1) overtime period during a game, if needed. The clock will be a regular clock for the entire overtime period. Overtime is three (3) minutes in length. Each team will receive an additional timeout for the overtime period. Please note: Juniors no pressing during overtime / Intermediate/Senior may press, if the regular press rule applies. If teams are tied at the end of overtime, the game will result in a tie.

5. Adding Players

Coaches may not add players. Players will be assigned by PRNA. If a team adds a player without the Department's knowledge, all games that player participated in will result in a forfeit.

6. Playing Out of Town Teams

PRNA does not endorse or permit a local team playing out of town teams. The department will not accept the liability involved. Therefore, only league play is permissible.

7. Gym Rules

Players and parents should abide by the gym rules and the requests of the gym supervisor.

8. Early Arrival at the Gym

Because of the lack of supervision, players should not arrive at the gym more than fifteen (15) minutes before the first game time. The gym will NOT be open prior to this scheduled time. Please remember that some facilities may have programs occurring prior to the athletic contest which means teams may not be able to enter the gymnasium prior to our scheduled times.

9. Jewelry

In accordance with the rules, a player may not wear any jewelry during practices and games. This includes beads and metal/plastic barrettes/clips in the hair. Athletic sweatbands on the arms, legs or head are allowed.

10. Protests

Games cannot be protested. Under no circumstance will a game be played over.

11. Duplicate Playing Shirts

If there are duplicate shirt colors, a coin toss will determine who will wear the reversible gym jerseys.

12. Starting Lineup

Coaches should turn in the starting line-up to the scorekeeper before game time. The official form must be used. Coaches should write the names of all players present beside their number and check the quarter the player will be starting. The scorekeeper will turn in these forms to the basketball supervisor who will keep a record of all participants. A team will not play unless the form is completed.

13. Grace Period

There will be no grace period. A team must have at least three (3) players to begin the first game. For the second and third games, a team must have at least four (4) players to begin the game.

14. Bench Rule

One coach will be allowed to stand and coach provided he/she is not blocking the view of the scorekeeper. Coaches must stay off the court and within the designated "coaches area" which the gym supervisor will designate for each gym. At no time will a coach be allowed to address an official during a live ball situation. If a coach wants to address an official, he/she may do so only during dead ball situations such as a time-out or between quarters. Coaches must speak to officials in a polite manner and demonstrate respect and sportsmanship at all times. Players must remain seated unless going into the game.

15. Taunting Rule

Disrespectfully addressing, baiting, or taunting an opponent will result in a technical foul. Unsportsmanlike conduct will not be tolerated.

16. Criticism of Officials

As you are doing your best as a coach, and the players are doing their best, so too are the officials working to officiate the game. Basketball is a difficult game to call, but appears easy from the sidelines. Be considerate and show reserve. Constant criticism will not be tolerated. Remember a referee doesn't care who wins. A coach will not constantly be reminded of this. The basketball coordinator and gym supervisors will be observant of the officials and will talk with them as necessary. You, as the coach, set the example for your team...always act with sportsmanship.

17. Back Court Interference

Junior League: Defense cannot guard at any time in the back court

Intermediate League: Cannot guard opponent in the back court outside of the last two minutes of each half.

Senior League: This does not apply

18. Technical Fouls (against a coach or player)

There are no excuses for technical fouls – on either a coach or a player. Therefore, if a coach is charged with two (2) technical fouls during a game, they will no longer be allowed to coach that game. They must leave the bench and sit on the opposite side of the gym. In addition, they will be suspended for one game. If a coach, who has been ejected, continues to coach their team from the other side of the gym or continues to harass the officiating staff, the gym supervisor will ask them to leave the gym entirely. At this time, the coach will have one (1) minute to leave or a forfeit will result.

19. Player Participation Rule

The youth basketball program is designed for participation by all players. While it is reasonable to assume that everyone will not play the same amount of time during a game, the first, second and third quarters will be used to insure that all players play a certain amount of time.

To clarify, the five (5) players who start the 1st quarter must play the entire quarter. There can be no substitutes, except for injury.

In the 2nd quarter, there must be five (5) new starters and they must play the entire quarter. There can be no substitutes, except for injury.

At the end of the 2nd quarter, if there are players who have yet to enter the game, the remaining players **must** start the 3rd quarter and they must play the entire quarter. There can be no substitutes, except for injury. If there are not five new players, you can use any player(s) to complete the lineup.

Bottom-line, each available player shall start either the 1st, 2nd, or 3rd quarter and play the entire quarter. However, a player's attendance for practice may affect when they will start. In regards to playing time, the coach may use his own judgment if a player is late without a good reason or has completely missed scheduled practices/games. A coach should always check with the parents first to determine the circumstances surrounding late arrival(s) or missed practices/games. If you are having an issue with attendance at practices, please let the Basketball Supervisor know immediately to discuss disciplinary actions.

Please note: If a team has less than 10 players, the player participation rule still applies. All players must still be given the opportunity to start the 1st or 2nd quarter and play an entire quarter without substitution. You can use any players for the 3rd and 4th quarters. There will be no adjustment if one team has more or less players than another. The main focus is on each individual player rather than the advantage or disadvantage because of numbers.

20. Dunking is Allowed

Dunking is allowed in ALL Leagues

21. Lane Violation

Junior: Five (5) second violation

Intermediate & Senior: Three (3) seconds allowed in free-throw lane.

22. Personal Fouls

Junior: Six (6) personal fouls.

Intermediate & Senior: Five (5) personal fouls.

23. Shooting Fouls

Junior: Nine (9) or fewer team fouls per half, the ball is taken out of bounds by the non-offended team, except for shooting fouls in which free throws will be awarded. Ten (10) or more team fouls per half is an automatic two (2) shot foul (there will not be any one and one shooting fouls).

Intermediate & Senior: Six (6) or fewer team fouls per half, the ball is taken out of bounds by the non-offended team, except for shooting fouls in which free throws will be awarded. Seven (7), eight (8) or nine (9) non-shooting team fouls per half will result in a one and one free throw(s). Ten (10) or more team fouls per half is an automatic two (2) shot foul.

24. Ball Size

Junior League will use the women's official sized ball.

Intermediate & Senior League will use the men's official sized ball.

25. Press Rule

Junior: No pressing

Intermediate: Pressing is allowed the last two (2) minutes of each half, regardless of the score.

Senior: Pressing is allowed all game
