

2009 Energy Efficient AC & Heat Pump Rebates: New Homes

For new homes receiving City of Tallahassee electric service. Submit completed rebate application before January 1, 2010, along with a copy of installing contractor's paid receipt showing equipment ARI number, to: Energy Services #B32, 300 S. Adams. St., Tallahassee, FL 32301 (Fax 891-6127)

Applicant: Homebuilder

Applicant phone number

Where appliance installed: Street Address and Zip Code

Where the rebate check should be sent: Street Address and Zip Code

Equipment (indicate # of units)	Rebate	Requirements (see additional requirements below)
<input type="checkbox"/> Air Conditioner	\$100	Minimum SEER 14.0 <u>and</u> EER 12.0
<input type="checkbox"/> Air Conditioner	\$350	Minimum SEER 15.0 <u>and</u> EER 12.5
<input type="checkbox"/> Heat Pump	\$100	Minimum SEER 14.0 <u>and</u> EER12.0 <u>and</u> HSPF 8.2
<input type="checkbox"/> Heat Pump	\$350	Minimum SEER 15.0 <u>and</u> EER 12.5 <u>and</u> HSPF 8.2
<input type="checkbox"/> Water Source Heat Pump	\$750	Minimum EER 14.1 <u>and</u> COP 3.3 (closed loop)
<input type="checkbox"/> Heat Pump Water Heater	\$600	Energy Factor (EF) 2.0 or higher.

Housing Type

- Single Family Detached
 Single Family Attached
 Multifamily
 Mobile Home

Other Required Documentation:

- Provide your contractor's invoice or paid receipt.
- For air-source heat pumps or air conditioners, please submit the "Certificate of ARI Certified Performance" provided by your contractor. This is a single page form printed from the Air-Conditioning and Refrigeration Institute (ARI) Directory showing equipment manufacturer, model number(s), size, and all efficiency ratings.
- For water source heat pumps or heat pump water heaters, have your contractor provide brand, model number and manufacturer's efficiency specifications on his invoice, receipt or proposal.
- _____ What is the area cooled? (square feet)

Other Conditions and Requirements

- For rebates to be paid, this application must be completed entirely and submitted with required documentation (see above).
- In new construction, rebates are paid to the homebuilder, not to the homebuyer, equipment vendor or the installing contractor.
- The qualifying equipment must be installed in a permanent residence receiving City of Tallahassee electric service.
- An installation permit and a Completed (passed) final inspection are required.
- Rebate applications must be received within three months of the installation's Final Inspection date.
- Air conditioning and heat pump rebates are for permitted, inspected installations of complete, ARI-matched systems with an ARI certificate. Rebates are not paid for unmatched systems having no ARI certificate.
- Homebuilders can apply either for individual appliance rebates, or for the new Energy Star/Greenbuilding rebates, but not both.
- By participating in this program, the applicant agrees that the City of Tallahassee obtains and/or retains ownership of all rights to existing and future emission credits, renewable energy rights to existing and future emissions credits, renewable energy green tags, tradable renewable certificates and/or any and all other environmental benefits associated with installation of the eligible equipment.

I hereby certify that the appliances(s) listed above are installed at the address listed and if requested, I will allow a representative of the City of Tallahassee Utility Services to physically inspect the installation.
