Required Documentation

 Please attach the following:

1. The Energy Star Certificate of Validation for the residential unit identified by address.
2. Copy of ENERGY STAR Thermal Bypass Inspection Checklist specific to the residential unit identified by address.
3. If applicable, copy of Florida Green Building Coalition or LEED For Homes Certificate
4. Copy of Energy Gauge-Energy Performance Level (EPL) Display Card (provided by your HERS Rater)
5. Copy of Energy Gauge Building Input Summary Report (provided by your HERS Rater)

Conditions

1. For incentives to be paid, this application must be completed entirely and submitted with required documentation (see above).
2. Individual HERS ratings of individual units must be conducted by a Florida State-Certified HERS Level 1 Rater.
3. HERS Rater inspection/testing/rating/verification of each unit is required. Rebates are not available to residential units achieving Energy Star certification through Builder Option Package procedures, or procedures allowing individual units to be certified without onsite blower door, thermal bypass, and other Energy Star testing/verification.
4. This form must be used for homes with Building Permit dated after 5/29/09, or Certificate of Occupancy (CO) dated after 8/31/09.
5. Applications must be received within 90 days of the unit's CO date.
6. Homebuilders can apply for the City's Energy Star \$1/s.f. incentives, or for Energy Star electric appliance rebates, but not both.
7. By participating in this program, the homebuilder agrees that the City of Tallahassee obtains and/or retains ownership of all rights existing and future emission credits, renewable energy rights to existing and future emissions credits, renewable energy green tags, tradable renewable certificates and/or any and all other environmental benefits associated with constructing or renovating the home to Energy Star standards.

I hereby certify that the information provided above is to the best of my knowledge correct, and I will allow a representative of the City of Tallahassee Utility Services to physically inspect the new or renovated house or multifamily unit.
