Other Conditions and Requirements

- This application must be completed entirely for rebates to be paid.
- These rebates are paid to the homebuilder (in new construction), not to the homebuyer, equipment vendor or the installing contractor.
- The equipment must be installed in a permanent residence receiving City of Tallahassee electric service.
- Rebates are available for equipment with purchase receipt dated after February 20, 2008.
- Rebate applications must be received within three months of the installation's purchase receipt date.
- To pay rebates, the brand and model number of equipment is required.
- Homebuilders can apply either for individual appliance rebates, or for the new Energy Star/Greenbuilding rebates, but not both.
- By participating in this program, the applicant agrees that the City of Tallahassee obtains and/or retains ownership of all rights to existing and future emission credits, renewable energy rights to existing and future emissions credits, renewable energy green tags, tradable renewable certificates and/or any and all other environmental benefits associated with the installation of the eligible equipment.

I hereby certify that the appliances(s) listed above are installed at the address listed and if requested, I will allow a representative of the City of Tallahassee Utility Services to physically inspect the installation.
