

# 2009-10 Agreement for Residential Natural Gas Appliance Rebates

October 1, 2009 – March 31, 2010

The following rebates are effective October 1, 2009 through March 31, 2010 for new and existing single family detached, attached, and multifamily housing (multifamily may not exceed 4 living units in a single building). Submit Agreement to: Natural Gas Sales Department, 2602 Jackson Bluff Road, #B11, Tallahassee, FL 32304 (Fax 891-5323). A copy of the installing contractor's invoice or paid receipt (or proposal if in City Loan Program) must be submitted with this form. Questions? Call 850/891-4YOU, then select 4, 1 -- or visit [Talgov.com/YOU](http://Talgov.com/YOU)

<input type="checkbox"/>	Adding new appliance(s)
<b>My Electric Service provider is:</b>	
<input type="checkbox"/>	City of Tallahassee
<input type="checkbox"/>	Talquin
<input type="checkbox"/>	Progress Energy

I would have chosen natural gas even without the rebate.  YES  NO

## AGREEMENT

Read this information carefully before signing – additional requirements, restriction and clarification are on the back of this form: **This agreement is made between the City of Tallahassee and the above named homeowner or homebuilder pertaining to construction at above address(es) for the purposes stated herein and agreed to as follows:**

1. The Homeowner or Homebuilder agrees:
  - a. To install the appliances checked at the right and obtain required City and/or County inspections of installed appliances.
  - b. To conform to all applicable City, County and State Building and/or Energy Codes.
2. The City agrees:
  - a. To pay rebates **to the Homebuilder signing this agreement** for new natural gas appliances (not stubouts) installed in new construction **prior** to issuance of CO, as indicated by the City's Final Gas Inspection Report.
  - b. To pay rebates **to the Homeowner signing this agreement** for new natural gas appliances (not stubouts) newly installed in existing home **after** issuance of a CO; homebuilder and homeowner cannot both receive rebates for the same appliances.
  - c. To provide a free gas service tap to meter location if gas appliance installations include a gas water heater.
3. The City may, at its option, terminate this agreement if the Homeowner or Homebuilder fails to carry out any obligations set forth in this agreement.
4. The parties hereby represent that the individuals signing have full right and authority to bind those parties as set forth herein.

## **ADDITIONAL INFORMATION REGARDING REBATES**

- a) Rebates are for the first new natural gas appliance of each type; or the replacement of natural gas appliances at a given address, except as indicated for Gas Lights.
- b) Each appliance rebate cannot exceed the total installed cost for that appliance as indicated by invoice, receipt, or proposal.
- c) Conversion rebates are for new natural gas appliances as well as to electric-to-natural gas, propane-to-natural gas, and oil-to-natural gas appliance replacements. Replacement appliance rebates are for natural gas-to-natural gas appliance replacements.
- d) Must have or install at least a natural gas water heater or gas space heating to receive range, firelog, dryer, grill, pool/spa or gas light rebates.
- e) “Combination appliances”, which heat the home as well as the water, qualify for the furnace + water heater rebates (\$1,375) only if a complete new system is installed (high capacity gas water heater, hydronic loop and controls).
- f) \$2,000 Gold Package Rebates applies if a new water heater, new furnace [or a combination appliance], and either a new gas range or new dryer are installed – all in one job. The \$425 “Gold Package Bonus” brings the total rebate to \$2,000.
- g) \$1,000 Gold Package Rebates apply if the following natural gas appliances are replaced in one job: water heater, furnace (or a combination appliance) and either a natural gas range or dryer. The \$200 “Gold Package Bonus” brings the total rebate to \$1,000.
- h) The \$2,000 Gold Package Rebate may be applied to any customer who replaces one natural gas appliance – either a dryer or range – AND adds a water heater and furnace.
- i) If a homebuilder or contractor applies for the rebate, the property owner/customer must sign the rebate application form.
