Required Equipment Information:

Dishwasher Brand _____ Model # _____
 Freezer Brand _____ Model # _____
 Refrigerator Brand _____ Model # _____
 Clothes Washer Brand _____ Model # _____
 Pool Pump Brand _____ Model # _____

Other Conditions and Requirements:

- Rebates are subject to change without notice and are subject to approval.
- The application must be completed entirely for rebates to be paid.
- To be eligible for rebates, purchased equipment must be ENERGY STAR (ES) certified residential consumer products **currently** listed on the ES website.
- In new construction, rebates are paid to the homebuilder (not the buyer, vendor or installing contractor) for appliance installations completed prior to issuance of the Certificate of Occupancy (CO).
- For multifamily new construction: Qualifying residential units must utilize natural gas for water heating. If natural gas is unavailable, and gas main extension to the site is denied by the City's Gas Utility, units must utilize an ES certified electric water heater with Energy Factor (EF) 2.0 or greater; or ES certified solar water heating.
- Refrigerators or freezers must be **full sized** as defined by ES (7.75 cubic feet or greater volume).
- Rebate applications must be received within 90 days of the installation's Final Inspection date.
- Rebates cannot exceed the total installed cost for the appliance(s), which must be **new** appliances, not used.
- The equipment must be installed in a permanent residence receiving City of Tallahassee electric service.
- To pay rebates, the brand and model number of equipment are required.
- Homebuilders can apply for individual appliance rebates or for the new ES Certified Home rebate, but not both.

I hereby certify that the appliance(s) listed above is installed at the address listed and if requested, I will allow a representative of the City of Tallahassee Customer Operations to physically inspect the installation.
